CLUBS FEDERATE

WOMEN'S ORGANIZATIONS JOINED FOR GOOD OF TOWN.

STEPS TAKEN BY FOUR

City Federation of Clubs, With Full Set of Officers, Launched at Elks Club Thursday.

Keep us, O God, from pettiness; let us be large in thought, in mind, in deed. Let us be done with fault-finding and leave of self-seeking. May we put away all pretense and meet each other face to face without self-pity and without prejudice. May we be never hasty in judgment and always generous. Let us take time for all things; make us grow calm, serene and gentle. Teach us to put into action our better impulses, straightforward and unafraid. Grant that we may realize it is the little things that create differences; that in the big things of life we are at one. And may we strive to touch and to know the great, common woman's heart of us all, and, O Lord God, let us not forget to be kind.—Mary Stewart.

With the reading of these words by Miss Jessie Parcher, upon request of the leader they have chosen, the City Federation of Women's Clubs of Maryville organized at the Elks club Thursday afternoon, adjourned.

At last the thing is done, and the federated movement so long desired by Maryville's club women is started in the cause of all that will bring every attainable good and beautiful thing for our town and all her people. No plans have been made, no definite thing spoken of yet, but every woman in the federation has visions and dreams of great and mighty things that are bound to materialize some day. Not in the coming year, nor the next year, maybe, but some time we will all be enjoying advantages, pleasures and beauties that will be the result of the federation started Thursday afternoon.

In response to the invitation of the Twentieth Century club, representatives of the M. I. Circle, the P. E. O. and the Mothers' Circle gathered at the Elks club Thursday afternoon to consider the advisability of a federated movement in Maryville. Miss Jessie Parcher, president of the Twentieth Century club, presided, and Mrs. D. J. Thomas was chosen secretary pro tem.

Not a dissenting voice was heard in regard to the proposed movement. In fact, all were eager to say that the club each represented was in hearty favor of the federation for civic improvement in our city, or improvement in whatever thing presented itself. Several excellent talks were made, and the earnest, confident, happy spirit that dominated the entire meeting showed the women are not expecting to meet any lions or bears in their way. But if they should, they'll not run or be afraid.

After every woman present had spoken a motion was made for organization, which was effected. Then a motion was made to elect officers by acclamation, which carried.

Mrs. W. A. Rickenbrode, from the Twentieth Century club, was nominated for president as "the mother of the idea of federation in Maryville," and was unanimously elected. The other officers chosen were:

Mrs. J. W. Ray of the M. I. Circle, vice president.

Mrs. W. C. Van Cleve of the Mothers' Circle, recording secretary.

Mrs. Frank L. Garrett of the P. E. O. chapter, corresponding secretary and treasurer.

Mrs. William Everhart of the Mothers' Circle, auditor.

The new federation has chosen the second Wednesday in each month for a meeting day. Adjournment was taken Thursday until the second Wednesday afternoon in May, when the club will meet in the basement of the library to make plans for work, and the president may be ready at that time to announce her committees.

Misison Circle Saturday.

The Young Ladies' Mission Circle of the First Christian church will meet Saturday afternoon at the home of Miss Nelle Conrad, Prather avenue.

AN EXPENSIVE PRODUCTION.

"From the Manger to the Cross," Costing Manager Kuchs More Than Previous Productions.

The Empire theater is to be the scene of the reproduction of the scenes of the Saviour's life on earth next Monday night. Manager Kuchs says this is the most expensive production he has ever brought here, and that Maryville people will be well repaid in seeing it.

The Des Moines Register and Leader says of it:

The popularity of the sacred photo drama, "From the Manger to the Cross," which J. H. Fellingham, secretary of the Young Men's Christian association, has secured to be shown in Des Moines next week, is attested by communications he has received from Fort Leavenworth, Kan., where during the three days it was shown the crowds were so phenomenal that many who wished to see the representation of the life of Christ were turned away.

Mr. Fellingham has received letters from many prominent ministers and social workers of the city who were given an opportunity to see the films given an opportunity to see the films a few days ago, in which they enthusiastically recommended them as one of the greatest works of art that has been accomplished in motion picture work, and at the same time an accurate, simple and sympathetic reproduction of the greatest drama of history.

The Rev. C. H. Parmort has suggested to Mr. Fellingham that the churches ought to suspend services on Sunday night in order to have a union gathering at the Coliseum for the purpose of seeing the impressive portrayal. So far, however, no plan for showing the films has been adopted. The films will be shown during the week and will be accompanied by soft music with the singing of old hymns by hidden voices during intervals in the portrayal. The significance of the pictures and their religious import will be emphasized as much as possible.

NORMAL QUARTET TO BARNARD.

Have Concerts There and at Tarkio—They Entertained at Normal Chapel Friday Morning.

The Normal Male Quartet will give a concert in the First Christian church at Barnard Friday night for the benefit of the Barnard library fund—and the quartet. Next Tuesday night they will go to Tarkio for a program under the auspices of the high school of that place. The concert will be given in the high school auditorium.

Friday morning at the Normal chapel the quartet entertained the students and faculty with a short program. It consisted of three quartet numbers and solos by Mr. Quinn and Mr. Mutz. Those who comprise the quartet are P. O. Landon, director; Lona L. Perrin, H. H. Mutz and O. H. Quinn.

MRS. PHIL EISEL DEAD.

Word Came From Kansas City Thursday Evening of the Demise of a Former Maryville Woman.

Mrs. J. W. Cast, recorder for Maryville camp of Royal Neighbors of America, received a message Thursday evening from Freeman & Marshall, undertakers of Kansas City, stating that Mrs. Phil Eisel, formerly of Maryville, had died Thursday morning and would be buried in Kansas City Sunday afternoon at 2 o'clock.

The Eisel family moved to Kansas City from Maryville several years ago. Mr. Eisel was for many years a barber of this city. Mrs. Eisel is survived by her husband and three children, Lester, Mildred and Leland. She had been in poor health for a year. She was a member of the Maryville organization of Royal Neighbors.

Going to South Dakota.

Ferris Byrnes, who has been making his home with his uncle and aunt, Mr. and Mrs. Aaron Felix, for several years, will leave Friday night for Phillips, S. D., to make his home. Mrs. Felix will accompany him to Omaha and Mrs. Joseph Gittings of Phillips, S. D., who has been visiting at the Felix home and with Clyde relatives and friends, will also leave for her home Friday night, stopping in Omaha until Monday with friends. Ferris Byrnes will accompany Mrs. Gittings to South Dakota. Ferris, who is a nephew of Mrs. Felix, has been making his home with her since the death of his mother, which occurred when he was a year old, he is now nine, and his going is a solemn thing to the Felix family, for he is a veritable little Prince Smiling. He regrets to leave his Maryville home and friends, but he is eager to be in the new home his father has for him now with his four brothers and sisters.

Boys' Class Organized.

The boys in Miss Myra Hull's class have organized a club which they call the Baptist Boys' club. The officers of the club are Kay Hempstead, president; Ruskin Hawkins, vice president; Lee Meek, secretary; Virgil Borrusch, treasurer. All members are requested to be at Sunday school next Sunday and bring a friend.

USE THE SLOGAN

PRAGMATIST URGES PUBLICITY FOR "MARYVILLE HAS IT."

WELCOME THE VISITORS

Make Them Understand "Maryville Has It" and That They Are Welcome to the Best She Has.

The Pragmatist, the local State Normal paper, has the following to say of the Rural Life Conference and the Northwest Missouri Teachers' association, which meets here next week:

April 24-25-26 will be the dates of three very important educational gatherings in Maryville. On the first mentioned date the Rural Life Conference will be in session. Able speakers of this and other states are listed on the program; men and women who are specialists along these lines and who have made and are making a careful and systematic study of the existing conditions will be here for the purpose of giving to us and to others the benefit of their study and research.

On the 25th the Northwest Missouri Teachers' association will be in session here. This association is gaining in interest and number in attendance with each meeting and from present indications the coming meeting will be the most interesting and profitable one yet held.

Saturday will be the big day of the three. Then the high school athlete will be with us in all his glory, and bright colored tie.

Reports that are in indicate that there is far more interest taken in the school athletics this year than in any other since the organization of the district track association. From different high school papers we learn that many of the high schools have been doing careful and systematic work in athletics and are developing strong teams for the different contests to be held here. The changes made in the rules governing the different events seem to have added interest and enthusiasm in many places.

The Normal classes should and will be in session Thursday and Friday so that visitors may see the work that we are doing here. On Saturday each member of the school should devote the entire day to welcoming the high school visitors from other places and making both teachers and pupils feel that they are more than welcome to the best Maryville has.

Inasmuch as Maryville has a slogan, a real good, bought-and-paid-for slogan, and it has never been used by the Normal pupils, it is suggested that at this meeting the slogan, "Maryville Has It," be used on all occasions. Let's use the slogan, and while using it live up to the standard. Of course Maryville has it, and while we are acting as host let us impress the fact on the minds of our guests.

TROPHY CUPS ON DISPLAY.

Four Beautiful Specimens Are in Crane's Window, All Engraved for the Lucky Winners.

Four beautiful silver trophy cups, with appropriate engravings, are on display in Crane's window, and already one sees the high school and State Normal athletes viewing them with admiring eyes, each seeing himself carrying off a trophy cup with proud step and mien from the track meet next week amid cheers and waving pennants and banners.

The cups differ in design and shape from those of last year.

The words are engraved with beautiful lettering in these words, for the different classes: "Northwest Normal Inter-High School Association Track Meet." The cup for the relay race is smaller and has the words "relay race" added.

Mrs. E. L. Townsend and Mrs. Ferdinand Townsend went to St. Joseph Friday morning to spend the day.

Be Patient, Telephone Users

During the work of installing the new switchboard and changing the phones from the old boards to the new, there is bound to be more or less inconvenience to our subscribers. We ask you to be patient during this very trying time, as we are using every precaution and going to a great deal of trouble to make these inconveniences as few as possible, but the task is greater than you perhaps imagine, and there will be some trouble despite all we can do.

So far you have been exceedingly patient, seeming to understand our difficulties, and for this we thank you.

Why This Trouble

There are several reasons why there must be trouble. Just so you will understand, we'll explain some of them.

First—The new board is an entirely different sort of apparatus, with its signal lights and improvements and automatic ringing devices. This being so, it is a difficult matter for even the experienced operators to handle it with the facility that has become theirs by long handling of the old boards. As for breaking in new operators to handle the service during the transfer, that is out of the question, because they would find it especially difficult.

Second—When the operators are taken from the old boards—both of which, of course, are still in operation—these are left short-handed, thus crippling the service.

Third—As the old subscribers are transferred to the new board, a "trunking" system must be employed in order that the service between the divided system may not be interrupted—and this is slow and cumbrous, but unavoidable.

Stick to Your Old Number

When the Bell subscriber is transferred to the new board, he takes a new number in nearly every case, because his old number conflicts with the Hanamo numbers which will be retained when the two systems are finally merged on the new board. But please call for the old numbers until you are especially notified, even if you happen to know the new ones. We are taking care of the matter with duplicate numbers, according to a simple plan that the operators all understand. Giving them the new number would confuse them.

Don't Crank to New Board

Where you have been transferred to the new board and your old phone changed for the new service, don't use the crank in calling central or ringing off. The phone is automatic, and cranking will get it out of order. If we had time, we'd remove all the old cranks, but we can't get around to it for awhile.

Don't Hang Up Until Call is Through

Get out of the habit of hanging up your receiver when you go to call someone else to the phone. Under the old system this didn't make much difference, but now it means that you thus give a positive signal to the operator to disconnect you, and you lose your party entirely. Let the receiver stay off the hook until you are through using the phone.

Ignore the Tinkle

After your phone has been changed over to the new board, ignore the tinkle when the bell rings just faintly. It's a trouble that will be removed soon, but can't be helped now. If you answer the tinkle, your action calls central, and takes time and means additional trouble for both you and central.

Use the Hanamo

Subscribers having both Hanamo and Bell phones will find that they will get better service by using the Hanamo during the work of transferring the phones.

Hanamo Telephone Company

NOT DISCOURAGED

SLIM ATTENDANCE DOESN'T DISMAY BALL PROMOTERS.

TO HAVE 6 CLUB LEAGUE

Assurances of Four Clubs With a Number of Good Towns to Draw From For the Other Two.

Only one town was represented at a called meeting of the newly organized county base ball league yesterday. Vernie Gates of Elmo came to represent his town in the new league. Hopkins and Conception telephoned to the local committee that they would sure have teams to represent their towns. Ravenwood also will be represented.

It is the plan of the committee to form a league of six teams. Burlington Junction, Skidmore or Guilford will furnish the other team.

"We are not in the least discouraged over the prospects of a county league," F. G. Shoemaker told a representative of this paper today. "The towns want in, but have no organizations yet."

The games will be scheduled so as to give each town the same number of games. The players will be residents of the towns they represent. The expenses of the teams will be small, as the railroad trips are short and there will be no fancy salaries. Maryville has had no base ball for several summers and local fans undoubtedly will welcome the county league. The organization committee is composed of F. G. Shoemaker, H. L. Raines and F. P. Reuillard.

Mrs. L. B. Tracey and daughter returned Thursday evening from a few days' visit with relatives at Bedford.

A marriage license was issued Thursday to Birch Salsgiver and Chloe Buck of Clarinda, Ia.

TO SEE BALL GAME.

Opening Game of the Western League at St. Joseph Today.

Many people from Maryville and vicinity went to St. Joseph today to attend the opening game of the Western league. The Des Moines team opens the season at St. Joseph today. Thousands of people will attend the game, which will probably be the best game of the season, as in former years. Two former Mink league players are with the Drummers this season. They are Link Castle of Shenandoah and Steve Brewer of Auburn, and are well known here.

Messrs. E. E. Williams and George Robb Ellison drove their new Hudson cars down this morning. While there they will get their "Hudson Six" pennants, which will make the equipment of the cars complete.

In the Williams car were Ed Williams, Dr. Frank Wallis, James Todd, Burt Rowley. In the Ellison car were Judge and Mrs. W. C. Ellison, Miss Susie Ellison, George Robb Ellison, "Sandy" Clark of the Hollowell Motor Co. of St. Joseph drove the Ellison car.

Several people went to St. Joseph on the Burlington to attend the ball games. Among them were Harve Bainum, Roy Andrews and Earl Flowers.

INJURED IN RUNAWAY.

J. D. Craig Gets Shoulder Blade Broken When Buggy Overturned.

J. D. Craig, formerly of Guilford but now living on a farm near Rea, happened to a very painful accident Tuesday, while entering his home town by the way of the Whitesville-Rea road. He was confronted by an auto truck, which carries freight between the two towns, at the junction of Main street and the road, and waving the car to a standstill, turned south on the street, and thinking he had passed all danger, tapped his horse with the whip, whereupon the horse became frightened and started to run, turning the buggy over, and threw Mr. Craig out and fracturd his right shoulder blade and collar bone. His injuries were attended to by Dr. Peter of Whitesville, and the last report is that he is getting along as well as could be expected, considering his old age.—Guilford Times.

CLASS PROGRAM LAST NIGHT.

Pickering Graduates Gave Their Entertainment at the Christian Church at 8 o'Clock.

The following class program was given Thursday evening at the Christian church in Pickering by the graduating class of the Pickering high school:

Oration, "The Stranger Within Our Gates"—Myrtle Null.

Oration—Maybelle Clayton.

Class song.

Class will—Beulah Everhart.

Class history—Margaret McMillen.

Reading—Hazel Burks.

Vocal solos—Beulah Everhart and Margaret McMillen.

Music by the orchestra.

The commencement exercises will take place this evening. Rev. E. W. Killion of the Christain church will present the diplomas.

WILL RUN SPECIAL.

Burlington Will Leave St. Joseph at 11:30 Saturday Night.

Agent W. E. Goforth of the Burlington announced this morning that a special train will leave St. Joseph Saturday night at 11:30 and will come as far as Maryville. Many things of interest will take place tomorrow in St. Joseph, among them being the band contests, the industrial parade, the base ball game between Des Moines and St. Joseph and the boxing contest at the Auditorium. The ladies band will be a feature of the contest.

Home From Michigan.

Mr. and Mrs. A. C. Nicholas and daughter returned Friday morning from Battle Creek, Mich., where Mrs. Nicholas has been for several months. Their daughter was born there. Mr. Nicholas went to Battle Creek three weeks ago to accompany them home. They are at the home of Mrs. Nicholas' father, John M. Evans, for the present. Their other little daughter remained at her grandfather's home during her mother's absence.

Moving to Colorado.

Mrs. Robert Miller, who has been visiting in Maryville with her parents, Mr. and Mrs. L. E. Gault, left Friday morning for a two days' visit with friends and relatives at Bolckow and Savannah. She will leave next week in company with her husband and children for Otis, Colo., to make their home. They have been living near Maitland.

Barnard Sunday Service.

"What *Do* You Do With All Your Goodness?" is the theme of Arthur Dillinger's sermon next Sunday morning at the Christian church. People all have plenty of goodness. It would be a problem to tell just where it all goes. It is like money—we all have a little, but it does us very little service, at least as we count service.

BARKER EXPLAINS

ATTORNEY GENERAL REPLIES TO INQUIRIES OF COMPANIES.

MAY USE BOOK AS BASIS

Not a Violation to Have Same Rate as Other Company Unless Agreement is to Charge Same Rate.

The reply of Attorney General Barker to a number of inquiries submitted to him by the American Central Fire Insurance company of St. Louis, through State Superintendent of Insurance C. G. Revelle was made public in Jefferson City Thursday. The company in a series of interrogatories sought to find out what it can and cannot do legally under the provisions of the Orr bill.

In reply to each of these questions the attorney general says what in his opinion the fire companies can do. At the end of each paragraph he adds this, "provided they do not enter into a conspiracy or agreement with other companies to charge the same rate."

Briefly, his rulings are:

That the company may use the basis rate books made by the Missouri actuarial bureau.

That the company may continue to charge the same rates as heretofore if they are fair and reasonable.

That the company may use all evidence which it possesses in the nature of rate books, papers, cards, surveys and other matters which it has purchased in the past for estimating and making rates, without violating the law.

That the company may permit its agents to exchange business where a line of insurance controlled by one agent is greater than he can place with the company or companies he represents, and may accept such business from other agents and brokers and that they can use the same rates.

That the company may issue its policies at the same rate as other policies on the same building and the mere fact that they charge the same rate is not a violation of the law.

Attorney General Barker concludes his opinion on the questions of the American Central company as follows:

"It is the opinion of this department that the mere fact that insurance companies in this state use the same rate book or write insurance at the same rate is not of itself a violation of the law, but before these companies are guilty of a violation of the law it must appear that they have entered into an agreement or conspiracy to charge the same rate.

"While the Orr law provides that by using the same rate book it is prima facie evidence of a conspiracy, yet prima facie evidence is only evidence on first appearance and is not sufficient to warrant a conviction and the only way these companies can violate the law is by conspiring together to charge the same rate and in the absence of such a conspiracy or illegal agreement they do not violate the law by writing at the same rate."

NORMAL OUTCLASSED BY PERU.

Nebraska School Won From Local Base Ball Team—The score Was 14-0.

The Peru, Neb., normal base ball team easily defeated the local Normals Thursday afternoon at the Normal athletic park by the overwhelming score of 14 to 0. It was the first game of the season for the locals, as those who witnessed the contest surmised that fact before the game had progressed far. The visitors were particularly strong with the warclub, and thirteen wallops off our premier twirler, "Shylock" Wilson, mixed in with almost as many errors and bonehead plays by the Normal fielders, account for Peru's total.

Coach Moore's men were equally weak at the bat. Daise and Lamar were the only members of the local guard to hit safely, the former swatting a double down the third base line and Lamar getting a single through short.

The Normals will play Conception college at Conception Saturday, and Coach Moore will try a new shift in the line-up. Brittain, who has been working out at second, will go to the left garden in place of Long, and "Dutch" Vanderstoot will cover the keystone sack.

Brittain's presence in the outfield should strengthen the outer garden a lot, and Van will take care of the second sack all right. Capt. Wilson or McDougal will do the twirling against the Catholics.

Mrs. G. H. Colbert and Ned Colbert went to St. Joseph Thursday evening to spend a few days.

A HARD WINTER.

For People in Poor Health.

Winter with its sudden changes is particularly trying for old people or those who suffer from a weakened, run-down condition, chronic coughs, colds or bronchitis, but if such persons would only apply common sense methods in the treatment of their condition, much discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, enrich the blood, increase vital resistance, and to accomplish this nothing equals Vinol, our cod liver and iron tonic without oil.

Mrs. H. Hartmann of Albany, N. Y., says: "I was in a run-down condition for about five years until this spring, when I learned what a great tonic and strengthener Vinol is. It is certainly the best I have ever used and it has done wonders for me."

Old people, delicate children, run-down, overworked and tired women, those suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return your money if it does not help you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

News of Society and Womens' Clubs

Bridesmaid at Friend's Wedding.

Miss Mary O'Brien returned Friday morning from a week's pleasure trip. Last Saturday evening she acted as bridesmaid at the wedding of her friend, Miss Martha Janf of Warsaw, Ill., to Mr. Albert Sprague of Springfield, Ill. The wedding was beautiful and took place at the bride's at 8 o'clock in the Evangelical church at Warsaw, of which the bride's father, the Rev. John T. Janf, is the rector, and the ceremony was performed by him. The brother of the bride, Mr. Paul F. Janf, of Keokuk, Ia., was best man. The bride's little sisters, Flora and Elsie, were the flower girls. A reception followed at the rectory. Mr. and Mrs. Sprague left immediately after the reception for their home in Springfield. Mr. Sprague is an attorney in that city, and previous to entering the practice of law he was superintendent of the schools of Springfield. On her way home Miss O'Brien stopped for visits with friends and relatives at Keokuk and Burlington, Ia.

Helping the Boy.

Certain kinds of work at home should be intrusted to every boy, for which he should be held responsible, according to the view of Carl J. Hermann, supervisor of athletics in the St. Paul public schools, who has been thrown into more or less intimate contact with school boys and has made a study of their needs. Mr. Hermann believes that the bringing up of children has been intrusted beyond all proportion to the public schools, to which the home has referred the responsibility. He believed a daily or weekly program of chores should be planned for the boy, or better, by the boy himself, and that a strict adherence to it should be practiced. "When the boy has finished his work for the day," Mr. Hermann adds, "he should be free to do as he chooses. It is unfair to pile more work on him, when he feels he has finished his daily routine. If work is definitely assigned, it will be done cheerfully and promptly by our children."

The St. Paul man also believes that the boy should be encouraged in athletics. "Our athletic games," he says, "foster spontaneous thought, perception, memory, reason and intuition. They teach the necessity of self-sacrifice, unselfishness, co-operation, fairness and honesty. These traits of character are accentuated to a remarkable degree in the present day popular team games."

Encourage the boy in his healthful play, and give him his part in the work and pleasures of the home, the garden and the yard and his mind and body will thereby be directed into wholesome channels.—Ex.

LOVE & GAUGH
Druggists

"O! O! THAT ITCHING!" STOPPED INSTANTLY.

Try ZEMO; Skin Troubles Vanish.

Buy a 25c Bottle Today and Prove It.

Glory! A remedy for skin tortures that makes everybody smile and soy "Hooray!" If you have that terrible fiery, unreachable itching, scorching, raw eczema, prickly heat, rash, tetter, irritated or inflamed skin, blotches, pimples or bleackheads, you will marvel at the results of ZEMO.

ZEMO is a clean, antiseptic solution, not a grease or ointment. Itching vanishes at the first application. This is absolutely guaranteed or money refunded. Use it on the baby, too, it gives immediate relief at the first application in all skin tortures. Dandruff and scalp itching vanish.

"Suffered 23 years with eczema. Finally tried ZEMO. It cured me sound and well. That was 15 months ago. Zemo is a blessing." Mrs. S. Eason, Hope, Ark.

ZEMO is sold in 25c sealed bottles and guaranteed in Maryville by Love & Gaugh, druggists.—Advertisement.

LESSON FOR ARDENT SWAIN

Startling Experience Cures Him of Making Love to Maidens at Balls.

It happened at a public ball. He was a man of serious intentions and numerous attentions, and she was rich and weddable. They sat in the hall under the stairway. It was a nook for lovers. There was not a soul in sight and, and he thought his golden opportunity had arrived. Down he flopped on his knees, and clasped her hand.

"Dear one," he whispered, not very loud, but loud enough, "I have loved you with the whole strength and ardour of a man's nature when it is roused by all that is pure and good and lovely in woman, and I can no longer restrain my pent-up feelings. I must tell you what is in my heart, and assure you that never yet has woman heard from my lips the secrets that are throbbing and—"

Just then a rustle was heard on the stairs above them, and a card fastened to a thread swung down and dangled not two inches from the lover's nose. On it were these portentous words:

"I'm a bit of a liar myself."

Then the awful truth flashed upon him, and he fled. As he went out of the door, sixteen girls from the head of the stairs sent sixteen laughs out into the damp night after him. He makes no love at balls now.

DISPENSING WITH THE DRUM

Other Countries Will Follow France in Discarding It as Part of Military Equipment.

It was some time ago that, acting upon the recommendations embodied in a report by a military commission, the French government reached the conclusion that the drum was no longer a necessary article of military equipment.

The report set forth that the drum was a serious encumbrance in marching; that rain impaired its usefulness; that its calls could not be distinguished in time of battle; that it consumed a period of two years to turn out an efficient drummer; and that by abandoning the use of the drum many thousands of youths and men would be released for active service.

Since the decision of the French government other European powers have followed its example in decreeing that the "drum must go."

The history of the drum is both ancient and honorable. The Egyptians employed it, and the Greeks ascribed its invention to Bacchus. The Spanish conqueror Pizarro is said to have found drums in South American temples. The snakes of Ireland, we are told, fled from the Emerald Isle before the drumbeats of St. Patrick.—Stray Stories.

That Joy-Wheel.

In an action in the king's bench division in which fairs and traveling shows were mentioned, Mr. Justice Lush made the admission that he did not know what a joy-whel was. Mr. Lewis Thomas, K. C., at once plunged into explanations.

"A joy-wheel," he said, "is a wheel more or less on the horizontal, which rotates with more or less rapidity upon its own axis. People ride upon the spinning wheel, and the nearer one is to the periphery of the wheel the more quickly he is thrown off. The more rapidly the wheel rotates, the more surely he is flung into space."

His Lordship—Oh, that is it, is it?

"The joy is with the people who look on," added counsel.—London Mail.

Makes America Seem Niggardly.

Compared with the salary and allowances of the president of France, the pay of the president of the United States almost sinks into insignificance. The French president enjoys some petits benefices apart from the $240,000 he draws yearly as salary and alowances. Supplies of vegetables for his table come from the kitchen gardens at Versailles, fruits from the orchards of Fontainebleau, game from the state forests and hay for his horses from the meadows of Rambouillet. Moreover, the state pays the wages of his table boys and his coachman, but not his chauffeurs, and his naval and military equerries are maintained by the ministries of war and marine.

We have a fine stock of Gray (all worsted) Suits, selling at $18 at all other stores, our price is only..... $12.50

A great bargain is offered in Men's Dress and Work Shirts at..... 50c

These Shirts are worth much more than the price we offer them to you for, but we are selling them at a close margin, so close that it means a great saving for you if you will only take advantage of this opportunity.

Extra fine value is presented to you in the TIGER HAT which we carry. A nobby hat for..... $2.50

Don't forget we carry black and tan socks at 10c per pair.

The Williams and Barry Shoes are O.K.—that the is reason we handle them—warranted by us.

Oh, yes, we sell cheaper, but the best quality—expenses are more reasonably at our store—less rent and general expenses than our competitors makes this possible. Besides we don't want as much profit on an article as the other fellow.

Yours for Values,

REPUBLICANS WANT HEARING ON TARIFF

Democratic Caucus Resumes Work on Measure.

Washington, April 18.—The action of the Democrats of the house in considering the new tariff bill behind closed doors was denounced by Republican leaders of the senate as unfair to the public and to business interests that may be affected.

A demand for hearings on the bill was made by Senators Townsend, Penrose, Warren, Gallinger and others, who declared business and labor interests were sending thousands of protests against the bill and demanding an opportunity to be heard as soon as the measure reached the senate.

Democratic senators, including Williams and Stone, insisted full hearings had been held in January by the house committee on ways and means and that the senate committee would not delay tariff reform by further hearings. The Republican senators declared that no one knew the extent of the reductions that were to be made when the January hearings were held. Senators Gallinger and Penrose said that some of the cuts in the tariff wipe industries out of existence and the people interested had not been given an opportunity to explain the effects of the proposed reductions upon their business.

"No one knew what the bill was to be until it came out of the ways and means committee," said Senator Penrose, "and even now the Democrats are legislating on the bill in secret caucus."

The Democratic house caucus resumed consideration of the tariff with every prospect of rapid completion of the measure and its presentation to the house early next week. With the fight over free wool and free sugar settled, the free list and administrative provisions remained as important issues ahead.

A fight is planned against the provision to permit a discount of 5 per cent on all duties imposed on goods imported in vessels built in the United States.

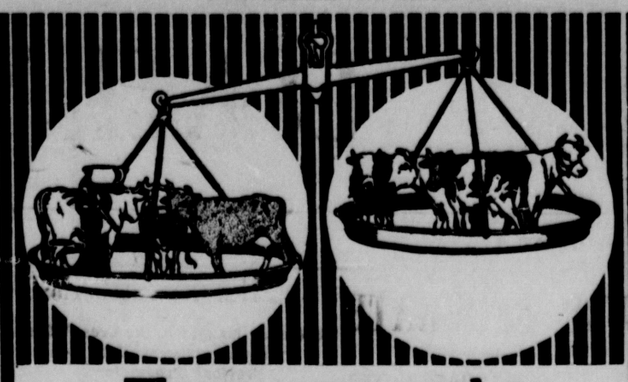
Mrs. Dale V. Alderman of St. Joseph, who was called to Maryville by the death of her brother, Ernest Alden, returned home Thursday evening.



Three cows and a DE LAVAL CREAM SEPARATOR will make more money than four cows with gravity setting

Thousands upon thousands of cow owners have already proved this statement; any experienced dairyman will verify it for you.

With such a big saving it is hard to understand why any cow owner should try to get along without a De Laval Cream Separator.

If you are selling cream or making butter, and have no separator, or else an inferior machine, we know if we could put a De Laval on your place we would be doing you a personal favor.

If you haven't a separator don't make the mistake of starting with a "cheap" or inferior machine. When you do buy a separator—as sooner or later you surely will—be sure to get the best—the De Laval. Remember, you can't make money by trying to save money in the purchase price of a cream separator. A De Laval costs only a little more than the cheapest and will save you twice as much and last five to ten times as long as other separators.

FIVE DIE WHEN BALLOON FALLS

Air Craft Had Just Started on Long Trip From Paris.

COLLAPSES HIGH ABOVE EARTH

Three Are Killed Instantly and Two Others Die on Way to Hospital. Thought One of Men Cut Cover, Causing Instant Deflation.

Noisy Le Grand, France, April 18.—One of the most terrible accidents to a spherical balloon in many years occurred here when the military balloon Zodiac collapsed at a height of about 650 feet and fell to the ground with its five occupants, all of whom were killed.

The Zodiac, which had a capacity of 1,600 cubic meters, was inflated with ordinary gas and left the Aero club park at St. Cloud with the military aeronauts, Captains Clavenad and Denoue, Lieutenant De Vaisselot and Artilleryman Rechy and the civilian pilot Aumont Thieville, aboard.

Propelled by a strong wind, the balloon passed over Paris and arrived at Noisy Le Grand. Observers suddenly saw it shrivel up and fall. Laborers working in the fields rushed to the assistance of the aeronauts, but had difficulty in extricating them from the vast mass of silk.

Three of the men—Clavenad, Rechy and Aumont Thieville—were killed outright. Denoue and De Vaisselot were still breathing. They were placed in an automobile and rushed to the military hospital at Vincennes. Denoue died on the way and De Vaisselot died at the hospital.

The exact cause of the accident remains a mystery. The collapse of the balloon was due to a tear in the cover, which apparently was made intentionally.

The theory is that something went wrong with the valve and that one of the aeronauts lost his head and cut the cover, causing the immediate deflation of the balloon.

AEROPLANES FLY ACROSS SAHARA

Biskra, Algeria, April 18.—Four military aeroplanes, piloted by lieutenants of the French army, arrived here after a 500 mile flight over the Sahara desert. One of the machines carried Colonel Bouttieaux as a passenger. The flight was made without escort.

BELGIUM STRIKE GROWS

Continues to Spread in Every Part of the Country.

Brussels, April 18.—The Belgian workers' strike continues to extend slowly in every part of the country. Small numbers of men have returned to their work here and there, but these defections are unimportant as compared with the figures of the fresh recruits who joined the movement. The men as a rule appear to be settling down to a long test of endurance, and are determined to achieve victory in the cause for which they are fighting—that of equality in voting.

NO LENIENCY FOR HAZERS

Offending Midshipmen Will Be Suspended and Imprisoned.

Washington, April 18.—With the announcement of his approval of the sentence of the court which dismissed Midshipman James C. Cook for hazing, Secretary Daniels sent a letter to every midshipman at Annapolis warning each that hereafter no leniency will be shown hazers who, in addition to being suspended, will receive the additional penalty of imprisonment, as provided by law.

Forest Fire Under Control.

Deadwood, S. D., April 18.—Forest Supervisor Imes declared that the forest fire near Pringle was well under control, and there is no wind to drive the flames. All night long the men battled on the fire line to save the ranches, and succeeded so that personal loss will not be heavy. No further damage is expected to the timber unless the wind comes up again, but it will be possibly three weeks before the fire is out.

Peeved Because Her Picture Is Printed

New York, April 18.—The picture of a pretty girl seated at a telephone exchange desk, printed in the official monthly publication of the New York Telephone company, caused Miss Mary L. Kern to sue the company for $25,000 damages. She says that the picture is hers and that her reputation has suffered because of its publication. The telephone company denies these allegations.

Three Killed in Auto Wreck.

Santa Ana, Cal., April 18.—Three persons were killed here when the engine of the automobile in which they were riding went "dead" on the tracks in front of an electric "flyer," which crashed into the motor car. The dead: A. D. Beard and wife, and J. N. Cain.

Morehead Signs Water District Bill

Lincoln, April 18.—Governor Morehead signed senate file No. 17, the water district bill, affecting Omaha and its suburbs.

CONDITION OF POPE IS BETTER

Vitality and Medical Skill Combine for Improvement.

ANOTHER RELAPSE IS FEARED.

Pontiff Is Still Insisting That He Leave Bed at Times and Signs Several Decrees—Italian Government Makes an Official Inquiry.

Rome, April 18.—Medical skill and strong vitality have combined to bring about a change for the better in the condition of Pope Pius. The official bulletins relieved present anxiety, but there are some who are skeptical and fear a third relapse, owing to the general weakness of the pontiff and because he is inclined to disobey the orders of the attending physicians.

The pope declared that he felt better than at any time since his first relapse. The sun pouring into the chamber impelled him to leave his bed, which he did without assistance. On such occasions it is the pope's custom to order his attendants out of the room, and they reluctantly obey him, but they watch unobserved through the half open door, fearing an accident.

Cardinal Merry Del Val, the papal secretary of state, visited the pope and, first having obtained permission from the doctor, submitted for his signature several decrees on important questions of an urgent character. Pope Pius signed them and his handwriting was firm and clear and showed no change from his writing before his illness.

The deep concern of the Italian government in the illness of the pope was manifested when a request was made to those in charge of the case for a statement regarding the prognosis. This was met with the declaration that it was practically impossible to say whether the pontiff would recover, but that if he did his condition here after might be considered precarious.

DAUGHTERS IN DEADLOCK

Second Day of Balloting for President General Fails of a Result.

Washington, April 18.—Mrs. William Cummings Story of New York, head of the conservative party, failed by six votes of the necessary majority to elect her president general of the Daughters of the American Revolution on the second ballot. The vote stood: Mrs. William Cummings Story, 574; Mrs. John Miller Morton (administration candidate), 542; Mrs. Charles B. Bryan, 42.

None of the candidates for the seven vice presidents general remaining to be elected received the necessary majorities, and they too will have to be balloted on again today.

WANT USE OF PARLOR AND TWO AFTERNOONS OFF.

Chicago, April 18.—Two afternoons a week off and the right to entertain company in the parlor without interference from the family are among the demands to be made by domestic servants who have just organized a union, to be known as the "Household Workers' Association." The new union obtained a charter from the American Federation of Labor.

Agree on Armistice.

Constantinople, April 18.—The agreement for suspension of hostilities between the Bulgarians and the Turks is officially confirmed. The armistice will last until April 23 and may be prolonged if peace has not been concluded in the interval. A neutral zone is to be fixed during the suspension of fighting and it has been agreed that the Turkish fleet shall not interfere with the revictualing of the Bulgarian army. The armistice may be annulled on forty-eight hours' notice by either party.

Would Limit Printing News of Crime

Washington, April 18.—Senator Works made a vigorous attack on present day journalism and the newspapers of the United States in a speech in support of his bill to make it unlawful for District of Columbia newspapers to publish details of crimes, accidents and tragedies.

CONDENSED NEWS

Six men were burned to death in a fire which destroyed the De Wilson hotel at Malone, N. Y.

Major J. F. Strong of Juneau has been selected for appointment as governor of Alaska, to succeed Walter T. Clark, resigned.

The Miami copper mine at Miami, Ariz., caved from the surface down to the 470-foot level. Two men were killed and ten injured.

President Wilson accepted the honorary presidency of the Boy Scouts of America. He expressed interest in the work and promised his active support.

An official appeal was made by the Chinese government to all the Christian churches in China to set aside April 27 as a day for prayer that China may be guided to a wise solution of the critical problems besetting it.

All persons having any of my chicken coops I would greatly appreciate their returning same at their earliest convenience. J. A. SPEIRS,
Clarinda Poultry House.

Go to Mason & Wilderman for "Wilson's Best Parawax" sweeping compound.

Thursday was a mighty warm day, the mercury going up to 80.

Miss Beulah Taylor, Miss Fannie Reed and Miss Lois Fine of Hopkins, who are attending school here, went home Friday to visit over Sunday.

Mr. and Mrs. W. H. Goforth of Barnard returned home Thursday evening from a few days' visit in Maryville with R. P. Yeaman and family.

Mr. and Mrs. W. H. Younger of Barnard were in Maryville Thursday on business.

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff; if your hair is falling out and your scalp is not glazed and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your mere word and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment; use it, and if not pleased, come back to us empty-handed—and we will hand back what you paid us. Two sizes, 50c and $1.00 a bottle.

You can buy Rexall "93" Hair Tonic in this community only at our store:

OREAR-HENRY DRUG CO.

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

JOHN E. W. WAYMAN ENDS LIFE WITH BULLET

Cook County Prosecutor Despondent Over Ill Health.

Chicago, April 18.—John E. W. Wayman, former state's attorney of Cook county and candidate for the Republican nomination for governor at the last primary, who shot himself in his home here, died last night. Death was caused by hemorrhage of the lungs. Mr. Wayman had been sinking steadily since the shooting.

Wayman fired two bullets into his body at his residence. The cause ascribed was a nervous breakdown, due to ill health.

Wayman had but recently retired from office and had gone into a law partnership with a former assistant. He had been conspicuous in his term in office in the prosecution of men accused of bribery in connection with the election of William Lorimer as United States senator, had been active at the close of his incumbency in closing the vice district in Chicago and had undergone a strain in an unsuccessful campaign for the Republican nomination for governor.

ALIEN LAND BILL HITS SNAGS

Amendments Prepared to Exempt Holdings of Europeans.

Sacramento, Cal., April 18.—Amendments to the Birdsall anti-alien land bill, designed to exempt from the strict prohibitions of the act all California properties held by European capital while still barring the Japanese, were offered in the senate by the author of the measure.

The amendments were drawn up at a conference between Senators Birdsall and Thompson and representatives of foreign syndicates having large interests in this state.

If adopted by the senate, the proposed changes will make the Birdsall bill more acceptable to Europeans than is the assembly bill and more restrictive upon Japan.

The principal amendment is the insertion of a clause permitting corporations, the majority stock of which is held by aliens, eligible to citizenship to own land.

Further concessions to European capital are contained in new sections.

Refuses Special License to Friedmann.

Washington, April 18.—An effort to secure immediate action on a bill permitting Dr. F. F. Friedmann to practice medicine in Washington without undergoing the usual examination for aliens was frustrated. Senators Gallinger and Penrose both objected to immediate action.

Are Filing Campaign Expenses.

Two candidates at the recent township election—Cooper Gooden for trustee and O. A. Bennett for collector—filed their campaign expense statement Thursday. Gooden spent $5 and the race cost Bennett $21.50.

The Shire Stallion THORNEY HEROLD

Thorney Herold 9703 (24694). Bred by Joseph Popham of Thorney Park, Peterborough, England. Imported by Latimer Wilson of Creston, Ia., March, 1908. Color bay with streak on face. Sire, Buscot Herold No. 16596; dam Thorney Flowergirl 210281 by Fear None 4394.

Will make the 1913 season at my farm, 10 miles northeast of Maryville. This is one of the greatest draft horses in Nodaway county. He has style and action like a Coach horse. A big square fellow with plenty of big flat bone, and has a quiet disposition. This horse's colts are big square fellows with good bone, and Thorney Herold is clean, without a puff on him, is as sound a horse as ever looked out of a pair of eyes and he has good eyes to look with, too.

TERMS—$15 to insure colt to stand and suck. Money due when colt stands. Colt held for service fee. Money due when party moves out of the neighborhood or parts with mare without my consent. Care will be taken to prevent accidents, but will not be responsible should any occur.

Mayor's Notice

This is to notify all people that the dumping of garbage within the city limits is strictly forbidden and any person violating this order will after this date be prosecuted to the full extent of the law.

Any and every person who shall cause or suffer to be dumped, within the corporate limits of Maryville, any perishable, and especially animal and vegetable matter, or excrement of any kind, or material consisting of chips so called shavings, straw, paper, litter or sweepings, from houses of any kind, shall be deemed guilty of a misdemeanor and fined not less than one nor more than one hundred dollars for each and every offense.

This order is made necessary for the protection of the health of the people of this city.

A. S. ROBEY, Mayor

MORE MONEY THAN IN CLOVER.

Cowpeas One of the Most Profitable Crops When Farmer Learns to Handle It.

The most fundamental cause of decreased soil productiveness in Missouri is the gradual depletion of organic matter. A good supply of organic matter in a soil is necessary, first to keep the soil loose and friable, second, to maintain the supply of nitrogen, and third, to make available the mineral plant foods through its decay. Commercial fertilizers will, for a time, bring remunerative results on worn land, even when the organic matter of the soil is not maintained, but the continued profitable use of commercial fertilizers on most soils is dependent upon the maintenance of the supply of organic matter.

The growing of grain crops is the most important cause of the depleted supply of organic matter in our soils. Organic matter cannot be maintained under grain farming, unless larger amounts of manure are added to the soil than can be made by feeding the grain crops. Where a man cannot buy manure, as is usually the case, it is necessary, therefore to alternate grain crops with organic matter building crops, such as clover and cowpeas, either feeding all of these back or turning a part of them under.

Thus far we have lived largely upon the virgin fertility of our soils. From this time forth we must learn to increase soil productiveness and maintaining of organic matter is the first principle.

SOCIETY WOMEN'S HAIR.

A Simple Treatment That Will Make It Truly Fascinating—The Koch Pharmacy Guarantees It.

Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to add to her attractions.

Yet in America today there are hundreds of thousands of women with harsh, faded characterless hair who do not make any attempt to improve it.

In Paris most women have beautiful hair, and in America all women who use Parisian Sage have lustrous and luxuriant hair.

And any woman reader of the Democrat-Forum can have attractive and lustrous hair in a few days' time by using this great hair rejuvenator, Parisian Sage.

The Koch Pharmacy sells a large bottle for 50 cents and guarantees it to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

Parisian Sage is an ideal hair tonic, not sticky or greasy. Sold by druggists in every town in America.—Advertisement.

Hired New School Principal.

Saturday of last week the Ravenwood school board employed E. C. Duncan of Darlington as principal of the Ravenwood schools for the coming year at a salary of $75 per month. Mr. Duncan has been principal of the Darlington schools for the past two years and has given splendid satisfaction. He comes highly recommended and the board is no doubt fortunate to secure his services. Prof. L. L. King, who has been principal of our schools for the past three years, has given universal satisfaction, and was tendered the position for another term, but has decided to quit teaching for a while on account of his health.

Misses DeArmond and Day, teachers of the intermediate and primary rooms, who have likewise pleased the board and patrons of the school in the management of their respective rooms, were each tendered their positions for another term ,but have not yet decided to accept.—Gazette.

DAYS OF DIZZINESS

Come to Hundreds of Maryville People.

There are days of dizziness;
Spells of headache, languor, backache;
Sometimes rheumatic pains;
Often urinary disorders.
Doan's Kidney Pills are especially for kidney ills.
Endorsed in Maryville by grateful friends and neighbors.

Mrs. S. E. Moon, 1101 East Third street, Maryville, Mo., says: "Doan's Kidney Pills have been used in my home. One of my family had sharp, shooting pains through the small of his back and felt tired all the time. This person also had dizzy spells. After two boxes of Doan's Kidney Pills were used there was a great improvement in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisemnt.

STURM WILL FILED.

Property Left to His Wife—Complaint Filed.

The will of the late John Sturm was filed with Probate Judge Conn Friday. It was written April 3, 1902, and the witnesses were Aaron Felix and Peter Kirch. All his property, personal and real estate, was left to his wife, Magdalena Sturm. The executors are his wife and his son, Nick Sturm.

John B. Batson was apopinted administrator of the estate of his father, William Batson, who died April 7, 1913, at Parnell.

A complaint was filed against Stephen J. Russell of Elmo today by his son, Joseph Russell. It charges that the said Stephen J. Russell is of unsound mind and is incapable of managing his affairs. It asks the court to appoint a guardian for him. The complaint will be taken up at the next term of court, May 12th.

CHARACTER SHOWS IN FACE

Good Thoughts Look Out Through Kindly Eyes and Fair Pleasant Features.

Our faces are open diaries, in which any one may read the record of how we speed our days, what we think, the sort of people we are. When we say of a man that "he has a fine face," or of a woman that "she has a beautiful face," we speak of the life back of the face. What is a surer indication of this than when we see a child draw away from a first glimpse of a person? What is often so truly condemnatory as the instinctive remark of a child: "I don't like her face, mamma?"

Not always true, perhaps, not in every instance is the child right, but how often is it unerring!

If we waste the precious passing years in chasing butterflies and flitting pleasure; if we grow hard and narrow because of disappointments, or through self-indulgence, it is registered where even the child who draws away from us reads it.

The mind that generally thinks "good thoughts, true thoughts, thoughts fit to treasure up," looks out upon the world through kindly eyes and fair and pleasant features. The face of an evil man or woman wears a malignant saturnine aspect, that gives the world a warning of the inner nature.

The eyes are more eloquent than the tongue in telling others what we are.

We never hide from discerning eyes as much as we sometimes think we do. Our faces invariably tell our stories.

GROWTH OF THE LANGUAGE

Names of Prominent Persons Are Now Commonly Used as Verbs and Nouns.

The growth and change which are inseparable from all living languages cannot fail to interest the student, and a special interest attaches to the incorporation of the names of famous men, the New York Sun observes.

Thus Wellington has come to mean a sort of book; Brougham, a carriage, and Gladstone, appropriately enough, a traveler's bag, as that great man advocated the "bag and baggage" policy which seems likely at length to be adopted.

Other names have been turned into verbs as well as nouns. For instance, the murderer Burke's name is perpetuated in the verb burke, burked, burking and burkism, while in quite recent times Captain Boycott's experiences resulted in the language being enriched by the phrases boycott, boycotter, boycotting, etc.

The most notable case was probably that of the great and good man Rev. T. Bowdler, D. D., who, by publishing a "family" edition of Shakespeare in 1881, added the words "bowdlerize" and "bowdlerism" to our language.

Try to Remember These Facts.

When you lose your temper, when you procrastinate, when you get nervous, excited, when you are blue and disappointed, when you worry, you lose much of your energy, your efficiency; you cannot bring the whole, complete, positive person to your task.

A discordant, troubled, unbalanced mind is in no condition to do good work.

It is negative, and a negative mind cannot produce.

Never mind what others do; run your own machine, think your own thought, live your own life.

Let others fret and worry, if they will; keep your poise, your serenity.

Do not imitate, follow, pretend or pose.

Be self-reliant, independent.

Be yourself.

Readers of Poetry.

A public librarian recently gave me evidence that man's regard for poetry is greater than woman's. Many pupil teachers and other students frequent his library and come in quest of books to help them in the study of literature.

He finds that when set to study a poet the male student generally borrows that poet's works to read for himself, but the female says: "Oh, I don't want to wade through all that; give me a book that will summarize his ideas and tell me what I ought to think about him." And the usual way is to give the girl a book that tells her what a man thinks she ought to think about poetry.—London Chronicle.

Old Names for Maladies.

Has Scotland still its own word for measles? Dean Ramsay relates that in 1775 Mrs. Betty Muirhead, who kept a boarding school for young ladies in the Trongate of Glasgow, asked a new pupil whether she had had smallpox. "Yes, mem," replied the girl, "I've had the sma-pox, the nirls, the blabs, the scaw, the kinkhost and the fever, the branks and the worm." "Sma-pox" and even the vague "fever" might not worry an English reader, but it needs a glossary to interpret the others in order as measles, nettlerash, itch, whooping cough, mumps and toothache.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Prescription.

An eminent skin specialist recently discovered a new prescription, othine—double strength—which is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by your druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

INCREASE SOIL PRODUCTION.

Time Has Come to Stop Using Up Virgin Fertility—Commercial Fertilizers Not the Solution.

The cowpea crop is not sufficiently appreciated in most parts of Missouri. As land becomes higher in price, and as it becomes more and more necessary to maintain the fertility to secure a net return, cowpeas or similar crops must come into more general use. They build up the soil, as does clover, but they have the advantage of a much shorter growing season and of lending themselves for use as a catch crop to be plowed under or pastured down for soil building purposes.

It is true that cowpea seed is somewhat expensive and that cowpeas are hard to cure, but the return that can be secured from them when a man understands how to handle them is as great or greater than that from clover. At present, practically all the cowpea seed profitably. This would cheapen the cost of seed for the individual farmer. Small pea threshers are now on the market which will enable farmers growing small amounts of peas to save their own seed, and even put some on the market.

The farmer on average to thin land in Missouri who expects to make good net returns from now one will usually find the cowpea one of his most profitable crops when he learns to handle it.

Miss Jennie Rogers of Barnard returned home Friday morning from a short visit with her uncle, J. T. Karr, and Mrs. Karr.

CLUBS FEDERATE

WOMEN'S ORGANIZATIONS JOINED FOR GOOD OF TOWN.

STEPS TAKEN BY FOUR

City Federation of Clubs, With Full Set of Officers, Launched at Elks Club Thursday.

Keep us, O God, from pettiness; let us be large in thought, in mind, in deed. Let us be done with fault-finding and leave of self-seeking. May we put away all pretense and meet each other face to face without self-pity and without prejudice. May we be never hasty in judgment and always generous. Let us take time for all things; make us grow calm, serene and gentle. Teach us to put into action our better impulses, straightforward and unafraid. Grant that we may realize it is the little things that create differences; that in the big things of life we are at one. And may we strive to touch and to know the great, common woman's heart of us all, and, O Lord God, let us not forget to be kind.—Mary Stewart.

With the reading of these words by Miss Jessie Parcher, upon request of the leader they have chosen, the City Federation of Women's Clubs of Maryville organized at the Elks club Thursday afternoon, adjourned.

At last the thing is done, and the federated movement so long desired by Maryville's club women is started in the cause of all that will bring every attainable good and beautiful thing for our town and all her people. No plans have been made, no definite thing spoken of yet, but every woman in the federation has visions and dreams of great and mighty things that are bound to materialize some day. Not in the coming year, nor the next year, maybe, but some time we will all be enjoying advantages, pleasures and beauties that will be the result of the federation started Thursday afternoon.

In response to the invitation of the Twentieth Century club, representatives of the M. I. Circle, the P. E. O. and the Mothers' Circle gathered at the Elks club Thursday afternoon to consider the advisability of a federated movement in Maryville. Miss Jessie Parcher, president of the Twentieth Century club, presided, and Mrs. D. J. Thomas was chosen secretary pro tem.

Not a dissenting voice was heard in regard to the proposed movement. In fact, all were eager to say that the club each represented was in hearty favor of the federation for civic improvement in our city, or improvement in whatever thing presented itself. Several excellent talks were made, and the earnest, confident, happy spirit that dominated the entire meeting showed the women are not expecting to meet any lions or bears in their way. But if they should, they'll not run or be afraid.

After every woman present had spoken a motion was made for organization, which was effected. Then a motion was made to elect officers by acclamation, which carried.

Mrs. W. A. Rickenbrode, from the Twentieth Century club, was nominated for president as "the mother of the idea of federation in Maryville," and was unanimously elected. The other officers chosen were:

Mrs. J. W. Ray of the M. I. Circle, vice president.

Mrs. W. C. Van Cleve of the Mothers' Circle, recording secretary.

Mrs. Frank L. Garrett of the P. E. O. chapter, corresponding secretary and treasurer.

Mrs. William Everhart of the Mothers' Circle, auditor.

The new federation has chosen the second Wednesday in each month for a meeting day. Adjournment was taken Thursday until the second Wednesday afternoon in May, when the club will meet in the basement of the library to make plans for work, and the president may be ready at that time to announce her committees.

Misison Circle Saturday.

The Young Ladies' Mission Circle of the First Christian church will meet Saturday afternoon at the home of Miss Nelle Conrad, Prather avenue.

AN EXPENSIVE PRODUCTION.

"From the Manger to the Cross," Costing Manager Kuchs More Than Previous Productions.

The Empire theater is to be the scene of the reproduction of the scenes of the Saviour's life on earth next Monday night. Manager Kuchs says this is the most expensive production he has ever brought here, and that Maryville people will be well repaid in seeing it.

The Des Moines Register and Leader says of it:

The popularity of the sacred photo drama, "From the Manger to the Cross," which J. H. Fellingham, secretary of the Young Men's Christian association, has secured to be shown in Des Moines next week, is attested by communications he has received from Fort Leavenworth, Kan., where during the three days it was shown the crowds were so phenomenal that many who wished to see the representation of the life of Christ were turned away.

Mr. Fellingham has received letters from many prominent ministers and social workers of the city who were given an opportunity to see the films given an opportunity to see the films a few days ago, in which they enthusiastically recommended them as one of the greatest works of art that has been accomplished in motion picture work, and at the same time an accurate, simple and sympathetic reproduction of the greatest drama of history.

The Rev. C. H. Parmort has suggested to Mr. Fellingham that the churches ought to suspend services on Sunday night in order to have a union gathering at the Coliseum for the purpose of seeing the impressive portrayal. So far, however, no plan for showing the films has been adopted. The films will be shown during the week and will be accompanied by soft music with the singing of old hymns by hidden voices during intervals in the portrayal. The significance of the pictures and their religious import will be emphasized as much as possible.

NORMAL QUARTET TO BARNARD.

Have Concerts There and at Tarkio—They Entertained at Normal Chapel Friday Morning.

The Normal Male Quartet will give a concert in the First Christian church at Barnard Friday night for the benefit of the Barnard library fund—and the quartet. Next Tuesday night they will go to Tarkio for a program under the auspices of the high school of that place. The concert will be given in the high school auditorium.

Friday morning at the Normal chapel the quartet entertained the students and faculty with a short program. It consisted of three quartet numbers and solos by Mr. Quinn and Mr. Mutz. Those who comprise the quartet are P. O. Landon, director; Lona L. Perrin, H. H. Mutz and O. H. Quinn.

MRS. PHIL EISEL DEAD.

Word Came From Kansas City Thursday Evening of the Demise of a Former Maryville Woman.

Mrs. J. W. Cast, recorder for Maryville camp of Royal Neighbors of America, received a message Thursday evening from Freeman & Marshall, undertakers of Kansas City, stating that Mrs. Phil Eisel, formerly of Maryville, had died Thursday morning and would be buried in Kansas City Sunday afternoon at 2 o'clock.

The Eisel family moved to Kansas City from Maryville several years ago. Mr. Eisel was for many years a barber of this city. Mrs. Eisel is survived by her husband and three children, Lester, Mildred and Leland. She had been in poor health for a year. She was a member of the Maryville organization of Royal Neighbors.

Going to South Dakota.

Ferris Byrnes, who has been making his home with his uncle and aunt, Mr. and Mrs. Aaron Felix, for several years, will leave Friday night for Phillips, S. D., to make his home. Mrs. Felix will accompany him to Omaha and Mrs. Joseph Gittings of Phillips, S. D., who has been visiting at the Felix home and with Clyde relatives and friends, will also leave for her home Friday night, stopping in Omaha until Monday with friends. Ferris Byrnes will accompany Mrs. Gittings to South Dakota. Ferris, who is a nephew of Mrs. Felix, has been making his home with her since the death of his mother, which occurred when he was a year old, he is now nine, and his going is a solemn thing to the Felix family, for he is a veritable little Prince Smiling. He regrets to leave his Maryville home and friends, but he is eager to be in the new home his father has for him now with his four brothers and sisters.

Boys' Class Organized.

The boys in Miss Myra Hull's class have organized a club which they call the Baptist Boys' club. The officers of the club are Kay Hempstead, president; Ruskin Hawkins, vice president; Lee Meek, secretary; Virgil Borrusch, treasurer. All members are requested to be at Sunday school next Sunday and bring a friend.

USE THE SLOGAN

PRAGMATIST URGES PUBLICITY FOR "MARYVILLE HAS IT."

WELCOME THE VISITORS

Make Them Understand "Maryville Has It" and That They Are Welcome to the Best She Has.

The Pragmatist, the local State Normal paper, has the following to say of the Rural Life Conference and the Northwest Missouri Teachers' association, which meets here next week:

April 24-25-26 will be the dates of three very important educational gatherings in Maryville. On the first mentioned date the Rural Life Conference will be in session. Able speakers of this and other states are listed on the program; men and women who are specialists along these lines and who have made and are making a careful and systematic study of the existing conditions will be here for the purpose of giving to us and to others the benefit of their study and research.

On the 25th the Northwest Missouri Teachers' association will be in session here. This association is gaining in interest and number in attendance with each meeting and from present indications the coming meeting will be the most interesting and profitable one yet held.

Saturday will be the big day of the three. Then the high school athlete will be with us in all his glory, and bright colored tie.

Reports that are in indicate that there is far more interest taken in the school athletics this year than in any other since the organization of the district track association. From different high school papers we learn that many of the high schools have been doing careful and systematic work in athletics and are developing strong teams for the different contests to be held here. The changes made in the rules governing the different events seem to have added interest and enthusiasm in many places.

The Normal classes should and will be in session Thursday and Friday so that visitors may see the work that we are doing here. On Saturday each member of the school should devote the entire day to welcoming the high school visitors from other places and making both teachers and pupils feel that they are more than welcome to the best Maryville has.

Inasmuch as Maryville has a slogan, a real good, bought-and-paid-for slogan, and it has never been used by the Normal pupils, it is suggested that at this meeting the slogan, "Maryville Has It," be used on all occasions. Let's use the slogan, and while using it live up to the standard. Of course Maryville has it, and while we are acting as host let us impress the fact on the minds of our guests.

TROPHY CUPS ON DISPLAY.

Four Beautiful Specimens Are in Crane's Window, All Engraved for the Lucky Winners.

Four beautiful silver trophy cups, with appropriate engravings, are on display in Crane's window, and already one sees the high school and State Normal athletes viewing them with admiring eyes, each seeing himself carrying off a trophy cup with proud step and mien from the track meet next week amid cheers and waving pennants and banners.

The cups differ in design and shape from those of last year.

The words are engraved with beautiful lettering in these words, for the different classes: "Northwest Normal Inter-High School Association Track Meet." The cup for the relay race is smaller and has the words "relay race" added.

Mrs. E. L. Townsend and Mrs. Ferdinand Townsend went to St. Joseph Friday morning to spend the day.

NOT DISCOURAGED

SLIM ATTENDANCE DOESN'T DISMAY BALL PROMOTERS.

TO HAVE 6 CLUB LEAGUE

Assurances of Four Clubs With a Number of Good Towns to Draw From For the Other Two.

Only one town was represented at a called meeting of the newly organized county base ball league yesterday. Vernie Gates of Elmo came to represent his town in the new league. Hopkins and Conception telephoned to the local committee that they would sure have teams to represent their towns. Ravenwood also will be represented.

It is the plan of the committee to form a league of six teams. Burlington Junction, Skidmore or Guilford will furnish the other team.

"We are not in the least discouraged over the prospects of a county league," F. G. Shoemaker told a representative of this paper today. "The towns want in, but have no organizations yet."

The games will be scheduled so as to give each town the same number of games. The players will be residents of the towns they represent. The expenses of the teams will be small, as the railroad trips are short and there will be no fancy salaries. Maryville has had no base ball for several summers and local fans undoubtedly will welcome the county league. The organization committee is composed of F. G. Shoemaker, H. L. Raines and F. P. Reuillard.

Mrs. L. B. Tracey and daughter returned Thursday evening from a few days' visit with relatives at Bedford.

A marriage license was issued Thursday to Birch Salsgiver and Chloe Buck of Clarinda, Ia.

Be Patient, Telephone Users

During the work of installing the new switchboard and changing the phones from the old boards to the new, there is bound to be more or less inconvenience to our subscribers. We ask you to be patient during this very trying time, as we are using every precaution and going to a great deal of trouble to make these inconveniences as few as possible, but the task is greater than you perhaps imagine, and there will be some trouble despite all we can do.

So far you have been exceedingly patient, seeming to understand our difficulties, and for this we thank you.

Why This Trouble

There are several reasons why there must be trouble. Just so you will understand, we'll explain some of them.

First—The new board is an entirely different sort of apparatus, with its signal lights and improvements and automatic ringing devices. This being so, it is a difficult matter for even the experienced operators to handle it with the facility that has become theirs by long handling of the old boards. As for breaking in new operators to handle the service during the transfer, that is out of the question, because they would find it especially difficult.

Second—When the operators are taken from the old boards—both of which, of course, are still in operation—these are left short-handed, thus crippling the service.

Third—As the old subscribers are transferred to the new board, a "trunking" system must be employed in order that the service between the divided system may not be interrupted—and this is slow and cumbrous, but unavoidable.

Stick to Your Old Number

When the Bell subscriber is transferred to the new board, he takes a new number in nearly every case, because his old number conflicts with the Hanamo numbers which will be retained when the two systems are finally merged on the new board. But please call for the old numbers until you are especially notified, even if you happen to know the new ones. We are taking care of the matter with duplicate numbers, according to a simple plan that the operators all understand. Giving them the new number would confuse them.

Don't Crank to New Board

Where you have been transferred to the new board and your old phone changed for the new service, don't use the crank in calling central or ringing off. The phone is automatic, and cranking will get it out of order. If we had time, we'd remove all the old cranks, but we can't get around to it for awhile.

Don't Hang Up Until Call is Through

Get out of the habit of hanging up your receiver when you go to call someone else to the phone. Under the old system this didn't make much difference, but now it means that you thus give a positive signal to the operator to disconnect you, and you lose your party entirely. Let the receiver stay off the hook until you are through using the phone.

Ignore the Tinkle

After your phone has been changed over to the new board, ignore the tinkle when the bell rings just faintly. It's a trouble that will be removed soon, but can't be helped now. If you answer the tinkle, your action calls central, and takes time and means additional trouble for both you and central.

Use the Hanamo

Subscribers having both Hanamo and Bell phones will find that they will get better service by using the Hanamo during the work of transferring the phones.

Hanamo Telephone Company

TO SEE BALL GAME.

Opening Game of the Western League at St. Joseph Today.

Many people from Maryville and vicinity went to St. Joseph today to attend the opening game of the Western league. The Des Moines team opens the season at St. Joseph today. Thousands of people will attend the game, which will probably be the best game of the season, as in former years. Two former Mink league players are with the Drummers this season. They are Link Castle of Shenandoah and Steve Brewer of Auburn, and are well known here.

Messrs. E. E. Williams and George Robb Ellison drove their new Hudson cars down this morning. While there they will get their "Hudson Six" pennants, which will make the equipment of the cars complete.

In the Williams car were Ed Williams, Dr. Frank Wallis, James Todd, Burt Rowley. In the Ellison car were Judge and Mrs. W. C. Ellison, Miss Susie Ellison, George Robb Ellison, "Sandy" Clark of the Hollowell Motor Co. of St. Joseph drove the Ellison car.

Several people went to St. Joseph on the Burlington to attend the ball games. Among them were Harve Bainum, Roy Andrews and Earl Flowers.

INJURED IN RUNAWAY.

J. D. Craig Gets Shoulder Blade Broken When Buggy Overturned.

J. D. Craig, formerly of Guilford but now living on a farm near Rea, happened to a very painful accident Tuesday, while entering his home town by the way of the Whitesville-Rea road. He was confronted by an auto truck, which carries freight between the two towns, at the junction of Main street and the road, and waving the car to a standstill, turned south on the street, and thinking he had passed all danger, tapped his horse with the whip, whereupon the horse became frightened and started to run, turning the buggy over, and threw Mr. Craig out and fracturd his right shoulder blade and collar bone. His injuries were attended to by Dr. Peter of Whitesville, and the last report is that he is getting along as well as could be expected, considering his old age.—Guilford Times.

CLASS PROGRAM LAST NIGHT.

Pickering Graduates Gave Their Entertainment at the Christian Church at 8 o'Clock.

The following class program was given Thursday evening at the Christian church in Pickering by the graduating class of the Pickering high school:

Oration, "The Stranger Within Our Gates"—Myrtle Null.

Oration—Maybelle Clayton.

Class song.

Class will—Beulah Everhart.

Class history—Margaret McMillen.

Reading—Hazel Burks.

Vocal solos—Beulah Everhart and Margaret McMillen.

Music by the orchestra.

The commencement exercises will take place this evening. Rev. E. W. Killion of the Christain church will present the diplomas.

WILL RUN SPECIAL.

Burlington Will Leave St. Joseph at 11.30 Saturday Night.

Agent W. E. Goforth of the Burlington announced this morning that a special train will leave St. Joseph Saturday night at 11:30 and will come as far as Maryville. Many things of interest will take place tomorrow in St. Joseph, among them being the band contests, the industrial parade, the base ball game between Des Moines and St. Joseph and the boxing contest at the Auditorium. The ladies band will be a feature of the contest.

Home From Michigan.

Mr. and Mrs. A. C. Nicholas and daughter returned Friday morning from Battle Creek, Mich., where Mrs. Nicholas has been for several months. Their daughter was born there. Mr. Nicholas went to Battle Creek three weeks ago to accompany them home. They are at the home of Mrs. Nicholas' father, John M. Evans, for the present. Their other little daughter remained at her grandfather's home during her mother's absence.

Moving to Colorado.

Mrs. Robert Miller, who has been visiting in Maryville with her parents, Mr. and Mrs. L. E. Gault, left Friday morning for a two days' visit with friends and relatives at Bolckow and Savannah. She will leave next week in company with her husband and children for Otis, Colo., to make their home. They have been living near Maitland.

Barnard Sunday Service.

"What *Do* You Do With All Your *Goodness?*" is the theme of Arthur Dallinger's sermon next Sunday morning at the Christian church. People all have plenty of goodness. It would be a problem to tell just where it all goes. It is like money—we all have a little, but it does us very little service, at least as we count service.

BARKER EXPLAINS

ATTORNEY GENERAL REPLIES TO INQUIRIES OF COMPANIES.

MAY USE BOOK AS BASIS

Not a Violation to Have Same Rate as Other Company Unless Agreement is to Charge Same Rate.

The reply of Attorney General Barker to a number of inquiries submitted to him by the American Central Fire Insurance company of St. Louis, through State Superintendent of Insurance C. G. Revelle was made public in Jefferson City Thursday. The company in a series of interrogatories sought to find out what it can and cannot do legally under the provisions of the Orr bill.

In reply to each of these questions the attorney general says what in his opinion the fire companies can do. At the end of each paragraph he adds this, "provided they do not enter into a conspiracy or agreement with other companies to charge the same rate."

Briefly, his rulings are:

That the company may use the basis rate books made by the Missouri actuarial bureau.

That the company may continue to charge the same rates as heretofore if they are fair and reasonable.

That the company may use all evidence which it possesses in the nature of rate books, papers, cards, surveys and other matters which it has purchased in the past for estimating and making rates, without violating the law.

That the company may permit its agents to exchange business where a line of insurance controlled by one agent is greater than he can place with the company or companies he represents, and may accept such business from other agents and brokers and that they can use the same rates.

That the company may issue its policies at the same rate as other policies on the same building and the mere fact that they charge the same rate is not a violation of the law.

Attorney General Barker concludes his opinion on the questions of the American Central company as follows:

"It is the opinion of this department that the mere fact that insurance companies in this state use the same rate book or write insurance at the same rate is not of itself a violation of the law, but before these companies are guilty of a violation of the law it must appear that they have entered into an agreement or conspiracy to charge the same rate.

"While the Orr law provides that by using the same rate book it is prima facie evidence of a conspiracy, yet prima facie evidence is only evidence on first appearance and is not sufficient to warrant a conviction and the only way these companies can violate the law is by conspiring together to charge the same rate and in the absence of such a conspiracy or illegal agreement they do not violate the law by writing at the same rate."

NORMAL OUTCLASSED BY PERU.

Nebraska School Won From Local Base Ball Team—The score Was 14-0.

The Peru, Neb., normal base ball team easily defeated the local Normals Thursday afternoon at the Normal athletic park by the overwhelming score of 14 to 0. It was the first game of the season for the locals, as those who witnessed the contest surmised that fact before the game had progressed far. The visitors were particularly strong with the warclub, and thirteen wallops off our premier twirler, "Shylock" Wilson, mixed in with almost as many errors and bonehead plays by the Normal fielders, account for Peru's total.

Coach Moore's men were equally weak at the bat. Daise and Lamar were the only members of the local guard to hit safely, the former swatting a double down the third base line and Lamar getting a single through short.

The Normals will play Conception college at Conception Saturday, and Coach Moore will try a new shift in the line-up. Brittain, who has been working out at second, will go to the left garden in place of Long, and "Dutch" Vandersloot will cover the keystone sack.

Brittain's presence in the outfield should strengthen the outer garden a lot, and Van will take care of the second sack all right. Capt. Wilson or McDougal will do the twirling against the Catholics.

Mrs. G. H. Colbert and Ned Colbert went to St. Joseph Thursday evening to spend a few days.

THE WEATHER

A HARD WINTER.

For People in Poor Health.

Winter with its sudden changes is particularly trying for old people or those who suffer from a weakened, run-down condition, chronic coughs, colds or bronchitis, but if such persons would only apply common sense methods in the treatment of their condition, much discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, enrich the blood, increase vital resistance, and to accomplish this nothing equals Vinol, our cod liver and iron tonic without oil.

Mrs. H. Hartmann of Albany, N. Y., says: "I was in a run-down condition for about five years until this spring, when I learned what a great tonic and strengthener Vinol is. It is certainly the best I have ever used and it has done wonders for me."

Old people, delicate children, run-down, overworked and tired women, those suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return your money if it does not help you. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

News of Society and Womens' Clubs

Bridesmaid at Friend's Wedding.

Miss Mary O'Brien returned Friday morning from a week's pleasure trip. Last Saturday evening she acted as bridesmaid at the wedding of her friend, Miss Martha Janf of Warsaw, Ill., to Mr. Albert Sprague of Springfield, Ill. The wedding was beautiful and took place at the bride's at 8 o'clock in the Evangelical church at Warsaw, of which the bride's father, the Rev. John T. Janf, is the rector, and the ceremony was performed by him. The brother of the bride, Mr. Paul F. Janf, of Keokuk, Ia., was best man. The bride's little sisters, Flora and Elsie, were the flower girls. A reception followed at the rectory. Mr. and Mrs. Sprague left immediately after the reception for their home in Springfield. Mr. Sprague is an attorney in that city, and previous to entering the practice of law he was superintendent of the schools of Springfield. On her way home Miss O'Brien stopped for visits with friends and relatives at Keokuk and Burlington, Ia.

Helping the Boy.

Certain kinds of work at home should be intrusted to every boy, for which he should be held responsible, according to the view of Carl J. Hermann, supervisor of athletics in the St. Paul public schools, who has been thrown into more or less intimate contact with school boys and has made a study of their needs. Mr. Hermann believes that the bringing up of children has been intrusted beyond all proportion to the public schools, to which the home has referred the responsibility. He believed a daily or weekly program of chores should be planned for the boy, or better, by the boy himself, and that a strict adherence to it should be practiced. "When the boy has finished his work for the day," Mr. Hermann adds, "he should be free to do as he chooses. It is unfair to pile more work on him, when he feels he has finished his daily routine. If work is definitely assigned, it will be done cheerfully and promptly by our children."

The St. Paul man also believes that the boy should be encouraged in athletics. "Our athletic games," he says, "foster spontaneous thought, perception, memory, reason and intuition. They teach the necessity of self-sacrifice, unselfishness, co-operation, fairness and honesty. These traits of character are accentuated to a remarkable degree in the present day popular team games."

Encourage the boy in his healthful play, and give him his part in the work and pleasures of the home, the garden and the yard and his mind and body will thereby be directed into wholesome channels.—Ex.

"O! O! THAT ITCHING!"
STOPPED INSTANTLY.

Try ZEMO; Skin Troubles Vanish.

Buy a 25c Bottle Today and Prove It.

Glory! A remedy for skin tortures that makes everybody smile and soy "Hooray!" If you have that terrible fiery, unreachable itching, scorching, raw eczema, prickly heat, rash, tetter, irritated or inflamed skin, blotches, pimples or bleackheads, you will marvel at the results of ZEMO.

ZEMO is a clean, antiseptic solution, not a grease or ointment. Itching vanishes at the first application. This is absolutely guaranteed or money refunded. Use it on the baby, too, it gives immediate relief at the first application in all skin tortures. Dandruff and scalp itching vanish.

"Suffered 23 years with eczema. Finally tried ZEMO. It cured me sound and well. That was 15 months ago. Zemo is a blessing." Mrs. S. Eason, Hope, Ark.

ZEMO is sold in 25c sealed bottles and guaranteed in Maryville by Love & Gaugh, druggists.—Advertisement.

LESSON FOR ARDENT SWAIN

Startling Experience Cures Him of Making Love to Maidens at Balls.

It happened at a public ball. He was a man of serious intentions and numerous attentions, and she was rich and weddable. They sat in the hall under the stairway. It was a nook for lovers. There was not a soul in sight and, and he thought his golden opportunity had arrived. Down he flopped on his knees, and clasped her hand.

"Dear one," he whispered, not very loud, but loud enough, "I have loved you with the whole strength and ardour of a man's nature when it is roused by all that is pure and good and lovely in woman, and I can no longer restrain my pent-up feelings. I must tell you what is in my heart, and assure you that never yet has woman heard from my lips the secrets that are throbbing and—"

Just then a rustle was heard on the stairs above them, and a card fastened to a thread swung down and dangled not two inches from the lover's nose. On it were these portentous words:

"I'm a bit of a liar myself."

Then the awful truth flashed upon him, and he fled. As he went out of the door, sixteen girls from the head of the stairs sent sixteen laughs out into the damp night after him. He makes no love at balls now.

DISPENSING WITH THE DRUM

Other Countries Will Follow France in Discarding It as Part of Military Equipment.

It was some time ago that, acting upon the recommendations embodied in a report by a military commission, the French government reached the conclusion that the drum was no longer a necessary article of military equipment.

The report set forth that the drum was a serious encumbrance in marching; that rain impaired its usefulness; that its calls could not be distinguished in time of battle; that it consumed a period of two years to turn out an efficient drummer; and that by abandoning the use of the drum many thousands of youths and men would be released for active service.

Since the decision of the French government other European powers have followed its example in decreeing that the "drum must go."

The history of the drum is both ancient and honorable. The Egyptians employed it, and the Greeks ascribed its invention to Bacchus. The Spanish conqueror Pizarro is said to have found drums in South American temples. The snakes of Ireland, we are told, fled from the Emerald Isle before the drumbeats of St. Patrick.—Stray Stories.

That Joy-Wheel.

In an action in the king's bench division in which fairs and traveling shows were mentioned, Mr. Justice Lush made the admission that he did not know what a joy-whel was. Mr. Lewis Thomas, K. C., at once plunged into explanations.

"A joy-wheel," he said, "is a wheel more or less on the horizontal, which rotates with more or less rapidity upon its own axis. People ride upon the spinning wheel, and the nearer one is to the periphery of the wheel the more quickly he is thrown off. The more rapidly the wheel rotates, the more surely he is flung into space."

His Lordship—Oh, that is it, is it?

"The joy is with the people who look on," added counsel.—London Mail.

Makes America Seem Niggardly.

Compared with the salary and allowances of the president of France, the pay of the president of the United States almost sinks into insignificance. The French president enjoys some petits benefices apart from the $240,000 he draws yearly as salary and alowances. Supplies of vegetables for his table come from the kitchen gardens at Versailles, fruits from the orchards of Fontainebleau, game from the state forests and hay for his horses from the meadows of Rambouillet. Moreover, the state pays the wages of his table hands and his coachman, but not his chauffeurs, and his naval and military equerries are maintained by the ministries of war and marine.

Men's and Boys' Spring and Summer Furnishings are attractive in Quality and Price at Nusbaum's.

Don't forget those stylish Blue Serge Suits, worth $20 to $25 any other place in town, our price is only..... $15

REPUBLICANS WANT HEARING ON TARIFF

Democratic Caucus Resumes Work on Measure.

Washington, April 18.—The action of the Democrats of the house in considering the new tariff bill behind closed doors was denounced by Republican leaders of the senate as unfair to the public and to business interests that may be affected.

A demand for hearings on the bill was made by Senators Townsend, Penrose, Warren, Gallinger and others, who declared business and labor interests were sending thousands of protests against the bill and demanding an opportunity to be heard as soon as the measure reached the senate.

Democratic senators, including Williams and Stone, insisted full hearings had been held in January by the house committee on ways and means and that the senate committee would not delay tariff reform by further hearings. The Republican senators declared that no one knew the extent of the reductions that were to be made when the January hearings were held. Senators Gallinger and Penrose said that some of the cuts in the tariff wipe industries out of existence and the people interested had not been given an opportunity to explain the effects of the proposed reductions upon their business.

"No one knew what the bill was to be until it came out of the ways and means committee," said Senator Penrose, "and even now the Democrats are legislating on the bill in secret caucus."

The Democratic house caucus resumed consideration of the tariff with every prospect of rapid completion of the measure and its presentation to the house early next week. With the fight over free wool and free sugar settled, the free list and administrative provisions remained as important issues ahead.

A fight is planned against the provision to permit a discount of 5 per cent on all duties imposed on goods imported in vessels built in the United States.

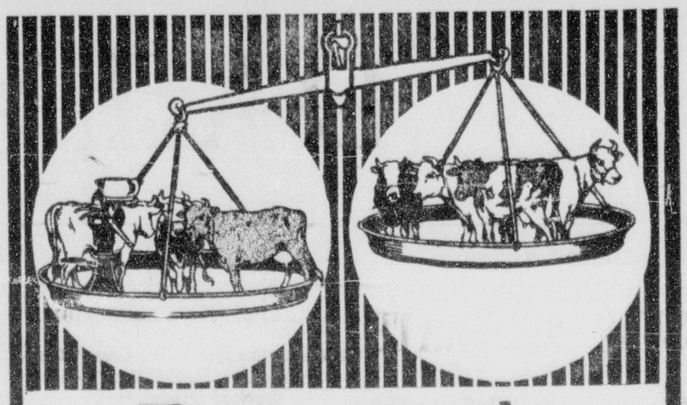
Mrs. Dale V. Alderman of St. Joseph, who was called to Maryville by the death of her brother, Ernest Alden, returned home Thursday evening.



Three cows and a DE LAVAL CREAM SEPARATOR will make more money than four cows with gravity setting

Thousands upon thousands of cow owners have already proved this statement; any experienced dairyman will verify it for you.

With such a big saving it is hard to understand why any cow owner should try to get along without a De Laval Cream Separator.

If you are selling cream or making butter, and have no separator, or else an inferior machine, we know if we could put a De Laval on your place we would be doing you a personal favor.

If you haven't a separator don't make the mistake of starting with a "cheap" or inferior machine. When you do buy a separator—as sooner or later you surely will—be sure to get the best—the De Laval. Remember, you can't make money by trying to save money in the purchase price of a cream separator. A De Laval costs only a little more than the cheapest and will save you twice as much and last five to ten times as long as other separators.

FIVE DIE WHEN BALLOON FALLS

Air Craft Had Just Started on Long Trip From Paris.

COLLAPSES HIGH ABOVE EARTH

Three Are Killed Instantly and Two Others Die on Way to Hospital. Thought One of Men Cut Cover, Causing Instant Deflation.

Noisy Le Grand, France, April 18.—One of the most terrible accidents to a spherical balloon in many years occurred here when the military balloon Zodiac collapsed at a height of about 650 feet and fell to the ground with its five occupants, all of whom were killed.

The Zodiac, which had a capacity of 1,600 cubic meters, was inflated with ordinary gas and left the Aero club park at St. Cloud with the military aeronauts, Captains Clavenad and Denoue, Lieutenant De Vaisselot and Artilleryman Rechy and the civilian pilot Aumont Thieville, aboard.

Propelled by a strong wind, the balloon passed over Paris and arrived at Noisy Le Grand. Observers suddenly saw it shrivel up and fall. Laborers working in the fields rushed to the assistance of the aeronauts, but had difficulty in extricating them from the vast mass of silk.

Three of the men—Clavenad, Rechy and Aumont Thieville—were killed outright. Denoue and De Vaisselot were still breathing. They were placed in an automobile and rushed to the military hospital at Vincennes. Denoue died on the way and De Vaisselot died at the hospital.

The exact cause of the accident remains a mystery. The collapse of the balloon was due to a tear in the cover, which apparently was made intentionally.

The theory is that something went wrong with the valve and that one of the aeronauts lost his head and cut the cover, causing the immediate deflation of the balloon.

AEROPLANES FLY ACROSS SAHARA

Biskra, Algeria, April 18.—Four military aeroplanes, piloted by lieutenants of the French army, arrived here after a 500 mile trip over the Sahara desert. One of the machines carried Colonel Bouttieaux as a passenger. The flight was made without escort.

BELGIUM STRIKE GROWS

Continues to Spread in Every Part of the Country.

Brussels, April 18.—The Belgian workers' strike continues to extend slowly in every part of the country. Small numbers of men have returned to their work here and there, but these defections are unimportant as compared with the figures of the fresh recruits who joined the movement. The men as a rule appear to be settling down to a long test of endurance, and are determined to achieve victory in the cause for which they are fighting—that of equality in voting.

NO LENIENCY FOR HAZERS

Offending Midshipmen Will Be Suspended and Imprisoned.

Washington, April 18.—With the announcement of his approval of the sentence of the court which dismissed Midshipman James C. Cook for hazing, Secretary Daniels sent a letter to every midshipman at Annapolis warning each that hereafter no leniency will be shown hazers who, in addition to being suspended, will receive the additional penalty of imprisonment, as provided by law.

Forest Fire Under Control.

Deadwood, S. D., April 18.—Forest Supervisor Imes declared that the forest fire near Pringle was well under control, and there is no wind to drive the flames. All night long the men battled on the fire line to save the ranches, and succeeded so that personal loss will not be heavy. No further damage is expected to the timber unless the wind comes up again, but it will be possibly three weeks before the fire is out.

Peeved Because Her Picture Is Printed

New York, April 18.—The picture of a pretty girl seated at a telephone exchange desk, printed in the official monthly publication of the New York Telephone company, caused Miss Mary L. Kern to sue the company for $25,000 damages. She says that the picture is hers and that her reputation has suffered because of its publication. The telephone company denies these allegations.

Three Killed in Auto Wreck.

Santa Ana, Cal., April 18.—Three persons were killed here when the engine of the automobile in which they were riding went "dead" on the tracks in front of an electric "flyer," which crashed into the motor car. The dead: A. D. Beard and wife, and J. N. Cain.

Morehead Signs Water District Bill

Lincoln, April 18.—Governor Morehead signed senate file No. 17, the water district bill, affecting Omaha and its suburbs.

CONDITION OF POPE IS BETTER

Vitality and Medical Skill Combine for Improvement.

ANOTHER RELAPSE IS FEARED.

Pontiff Is Still Insisting That He Leave Bed at Times and Signs Several Decrees—Italian Government Makes an Official Inquiry.

Rome, April 18.—Medical skill and strong vitality have combined to bring about a change for the better in the condition of Pope Pius. The official bulletins relieved present anxiety, but there are some who are skeptical and fear a third relapse, owing to the general weakness of the pontiff and because he is inclined to disobey the orders of the attending physicians.

The pope declared that he felt better than at any time since his first relapse. The sun pouring into the chamber impelled him to leave his bed, which he did without assistance. On such occasions it is the pope's custom to order his attendants out of the room, and they reluctantly obey him, but they watch unobserved through the half open door, fearing an accident.

Cardinal Merry Del Val, the papal secretary of state, visited the pope and, first having obtained permission from the doctor, submitted for his signature several decrees on important questions of an urgent character. Pope Pius signed them and his handwriting was firm and clear and showed no change from his writing before his illness.

The deep concern of the Italian government in the illness of the pope was manifested when a request was made to those in charge of the case for a statement regarding the prognosis. This was met with the declaration that it was practically impossible to say whether the pontiff would recover, but that if he did his condition here after might be considered precarious.

DAUGHTERS IN DEADLOCK

Second Day of Balloting for President General Fails of a Result.

Washington, April 18.—Mrs. William Cummings Story of New York, head of the conservative party, failed by six votes of the necessary majority to elect her president general of the Daughters of the American Revolution on the second ballot. The vote stood: Mrs. William Cummings Story, 574; Mrs. John Miller Morton (administration candidate), 542; Mrs. Charles B. Bryan, 42.

None of the candidates for the seven vice presidents general remaining to be elected received the necessary majorities, and they too will have to be balloted on again today.

WANT USE OF PARLOR AND TWO AFTERNOONS OFF.

Chicago, April 18.—Two afternoons a week off and the right to entertain company in the parlor without interference from the family are among the demands to be made by domestic servants who have just organized a union, to be known as the "Household Workers' Association." The new union obtained a charter from the American Federation of Labor.

Agree on Armistice.

Constantinople, April 18.—The agreement for suspension of hostilities between the Bulgarians and the Turks is officially confirmed. The armistice will last until April 23 and may be prolonged if peace has not been concluded in the interval. A neutral zone is to be fixed during the suspension of fighting and it has been agreed that the Turkish fleet shall not interfere with the revictualing of the Bulgarian army. The armistice may be annulled on forty-eight hours' notice by either party.

Would Limit Printing News of Crime

Washington, April 18.—Senator Works made a vigorous attack on present day journalism and the newspapers of the United States in a speech in support of his bill to make it unlawful for District of Columbia newspapers to publish details of crimes, accidents and tragedies.

CONDENSED NEWS

Six men were burned to death in a fire which destroyed the De Wilson hotel at Malone, N. Y.

Major J. F. Strong of Juneau has been selected for appointment as governor of Alaska, to succeed Walter T. Clark, resigned.

The Miami copper mine at Miami, Ariz., caved from the surface down to the 470-foot level. Two men were killed and ten injured.

President Wilson accepted the honorary presidency of the Boy Scouts of America. He expressed interest in the work and promised his active support.

An official appeal was made by the Chinese government to all the Christian churches in China to set aside April 27 as a day for prayer that China may be guided to a wise solution of the critical problems besetting it.

All persons having any of my chicken coops I would greatly appreciate their returning same at their earliest convenience.
J. A. SPEIRS,

Mr. and Mrs. W. H. Younger of Barnard were in Maryville Thursday on business.

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff; if your hair is falling out and your scalp is not glazed and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your mere word and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment; use it, and if not pleased, come back to us empty-handed—and we will hand back what you paid us. Two sizes, 50c and $1.00 a bottle.

You can buy Rexall "93" Hair Tonic in this community only at our store.

OREAR-HENRY DRUG CO.
Maryville *The Rexall Store* Missouri

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.
The Rexall Stores are America's Greatest Drug Stores

JOHN E. W. WAYMAN ENDS LIFE WITH BULLET

Cook County Prosecutor Despondent Over Ill Health.

Chicago, April 18.—John E. W. Wayman, former state's attorney of Cook county and candidate for the Republican nomination for governor at the last primary, who shot himself in his home here, died last night. Death was caused by hemorrhage of the lungs. Mr. Wayman had been sinking steadily since the shooting.

Wayman fired two bullets into his body at his residence. The cause ascribed was a nervous breakdown, due to ill health.

Wayman had but recently retired from office and had gone into a law partnership with a former assistant. He had been conspicuous in his term in office in the prosecution of men accused of bribery in connection with the election of William Lorimer as United States senator, had been active at the close of his incumbency in closing the vice district in Chicago and had undergone a strain in an unsuccessful campaign for the Republican nomination for governor.

ALIEN LAND BILL HITS SNAGS

Amendments Prepared to Exempt Holdings of Europeans.

Sacramento, Cal., April 18.—Amendments to the Birdsall anti-alien land bill, designed to exempt from the strict prohibitions of the act all California properties held by European capital while still barring the Japanese, were offered in the senate by the author of the measure.

The amendments were drawn up at a conference between Senators Birdsall and Thompson and representatives of foreign syndicates having large interests in this state.

If adopted by the senate, the proposed changes will make the Birdsall bill more acceptable to Europeans than is the assembly bill and more restrictive upon Japan.

The principal amendment is the insertion of a clause permitting corporations, the majority stock of which is held by aliens, eligible to citizenship to own land.

Further concessions to European capital are contained in new sections.

Refuses Special License to Friedmann.

Washington, April 18.—An effort to secure immediate action on a bill permitting Dr. F. F. Friedmann to practice medicine in Washington without undergoing the usual examination for aliens was frustrated. Senators Gallinger and Penrose both objected to immediate action.

Are Filing Campaign Expenses.

Two candidates at the recent township election—Cooper Gooden for trustee and O. A. Bennett for collector—filed their campaign expense statement Thursday. Gooden spent $5 and the race cost Bennett $21.50.

The Shire Stallion THORNEY HEROLD

Thorney Herold 9703 (24694). Bred by Joseph Popham of Thorney Park, Peterborough, England. Imported by Latimer Wilson of Creston, Ia., March, 1908. Color bay with streak on face. Sire, Buscot Herold No. 16596; dam Thorney Flowergirl 210281 by Fear None 4394.

Will make the 1913 season at my farm, 10 miles northeast of Maryville. This is one of the greatest draft horses in Nodaway county. He has style and action like a Coach horse. A big square fellow with plenty of big flat bone, and has a quiet disposition. This horse's colts are big square fellows with good bone, and Thorney Herold is clean, without a puff on him, is as sound a horse as ever looked out of a pair of eyes and he has good eyes to look with, too.

TERMS—$15 to insure colt to stand and suck. Money due when colt stands. Colt held for service fee. Money due when party moves out of the neighborhood or parts with mare without my consent. Care will be taken to prevent accidents, but will not be responsible should any occur.

Mayor's Notice

This is to notify all people that the dumping of garbage within the city limits is strictly forbidden and any person violating this order will after this date be prosecuted to the full extent of the law.

Any and every person who shall cause or suffer to be dumped, within the corporate limits of Maryville, any perishable, and especially animal and vegetable matter, or excrement of any kind, or material consisting of chips so called shavings, straw, paper, litter or sweepings, from houses of any kind, shall be deemed guilty of a misdemeanor and fined not less than one nor more than one hundred dollars for each and every offense.

This order is made necessary for the protection of the health of the people of this city.

A. S. ROBEY, Mayor

MORE MONEY THAN IN CLOVER.

Cowpeas One of the Most Profitable Crops When Farmer Learns to Handle It.

The most fundamental cause of decreased soil productiveness in Missouri is the gradual depletion of organic matter. A good supply of organic matter in a soil is necessary, first to keep the soil loose and friable, second, to maintain the supply of nitrogen, and third, to make available the mineral plant foods through its decay. Commercial fertilizers will, for a time, bring remunerative results on worn land, even when the organic matter of the soil is not maintained, but the continued profitable use of commercial fertilizers on most soils is dependent upon the maintenance of the supply of organic matter.

The growing of grain crops is the most important cause of the depleted supply of organic matter in our soils. Organic matter cannot be maintained under grain farming, unless larger amounts of manure are added to the soil than can be made by feeding the grain crops. Where a man cannot buy manure, as is usually the case, it is necessary, therefore to alternate grain crops with organic matter building crops, such as clover and cowpeas, either feeding all of these back or turning a part of them under.

Thus far we have lived largely upon the virgin fertility of our soils. From this time forth we must learn to increase soil productiveness and maintaining of organic matter is the first principle.

SOCIETY WOMEN'S HAIR.

A Simple Treatment That Will Make It Truly Fascinating—The Koch Pharmacy Guarantees It.

Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to add to her attractions.

Yet in America today there are hundreds of thousands of women with harsh, faded characterless hair who do not make any attempt to improve it.

In Paris most women have beautiful hair, and in America all women who use Parisian Sage have lustrous and luxuriant hair.

And any woman reader of the Democrat-Forum can have attractive and lustrous hair in a few days' time by using this great hair rejuvenator, Parisian Sage.

The Koch Pharmacy sells a large bottle for 50 cents and guarantees it to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

Parisian Sage is an ideal hair tonic, not sticky or greasy. Sold by druggists in every town in America.—Advertisement.

Hired New School Principal.

Saturday of last week the Ravenwood school board employed E. C. Duncan of Darlington as principal of the Ravenwood schools for the coming year at a salary of $75 per month. Mr. Duncan has been principal of the Darlington schools for the past two years and has given splendid satisfaction. He comes highly recommended and the board is no doubt fortunate to secure his services. Prof. L. L. King, who has been principal of our schools for the past three years, has given universal satisfaction, and was tendered the position for another term, but has decided to quit teaching for a while on account of his health.

Misses DeArmond and Day, teachers of the intermediate and primary rooms, who have likewise pleased the board and patrons of the school in the management of their respective rooms, were each tendered their positions for another term ,but have not yet decided to accept.—Gazette.

DAYS OF DIZZINESS

Come to Hundreds of Maryville People.

There are days of dizziness;
Spells of headache, languor, backache;
Sometimes rheumatic pains;
Often urinary disorders.
Doan's Kidney Pills are especially for kidney ills.
Endorsed in Maryville by grateful friends and neighbors.

Mrs. S. E. Moon, 1101 East Third street, Maryville, Mo., says: "Doan's Kidney Pills have been used in my home. STURM WILL FILED.

Property Left to His Wife—Complaint Filed.

The will of the late John Sturm was filed with Probate Judge Conn Friday. It was written April 3, 1902, and the witnesses were Aaron Felix and Peter Kirch. All his property, personal and real estate, was left to his wife, Magdalena Sturm. The executors are his wife and his son, Nick Sturm.

John B. Batson was apopinted administrator of the estate of his father, William Batson, who died April 7, 1913, at Parnell.

A complaint was filed against Stephen J. Russell of Elmo today by his son, Joseph Russell. It charges that the said Stephen J. Russell is of unsound mind and is incapable of managing his affairs. It asks the court to appoint a guardian for him. The complaint will be taken up at the next term of court, May 12th.

CHARACTER SHOWS IN FACE

Good Thoughts Look Out Through Kindly Eyes and Fair Pleasant Features.

Our faces are open diaries, in which any one may read the record of how we speed our days, what we think, the sort of people we are. When we say of a man that "he has a fine face," or of a woman that "she has a beautiful face," we speak of the life back of the face. What is a surer indication of this than when we see a child draw away from a first glimpse of a person? What is often so truly condemnatory as the instinctive remark of a child: "I don't like her face, mamma?"

Not always true, perhaps, not in every instance is the child right, but how often is it unerring!

If we waste the precious passing years in chasing butterflies and flitting pleasure; if we grow hard and narrow because of disappointments, or through self-indulgence, it is registered where even the child who draws away from us reads it.

The mind that generally thinks "good thoughts, true thoughts, thoughts fit to treasure up," looks out upon the world through kindly eyes and fair and pleasant features. The face of an evil man or woman wears a malignant saturnine aspect, that gives the world a warning of the inner nature.

The eyes are more eloquent than the tongue in telling others what we are.

We never hide from discerning eyes as much as we sometimes think we do. Our faces invariably tell our stories.

GROWTH OF THE LANGUAGE

Names of Prominent Persons Are Now Commonly Used as Verbs and Nouns.

The growth and change which are inseparable from all living languages cannot fail to interest the student, and a special interest attaches to the incorporation of the names of famous men, the New York Sun observes.

Thus Wellington has come to mean a sort of book; Brougham, a carriage, and Gladstone, appropriately enough, a traveler's bag, as that great man advocated the "bag and baggage" policy which seems likely at length to be adopted.

Other names have been turned into verbs as well as nouns. For instance, the murderer Burke's name is perpetuated in the verb burke, burked, burking and burkism, while in quite recent times Captain Boycott's experiences resulted in the language being enriched by the phrases boycott, boycotter, boycotting, etc.

The most notable case was probably that of the great and good man Rev. T. Bowdler, D. D., who, by publishing a "family" edition of Shakespeare in 1881, added the words "bowdlerize" and "bowdlerism" to our language.

Try to Remember These Facts.

When you lose your temper, when you procrastinate, when you get nervous, excited, when you are blue and disappointed, when you worry, you lose much of your energy, your efficiency; you cannot bring the whole, complete, positive person to your task.

A discordant, troubled, unbalanced mind is in no condition to do good work.

It is negative, and a negative mind cannot produce.

Never mind what others do; run your own machine, think your own thought, live your own life.

Let others fret and worry, if they will; keep your poise, your serenity.

Do not imitate, follow, pretend or pose.

Be self-reliant, independent.

Be yourself.

Readers of Poetry.

A public librarian recently gave me evidence that man's regard for poetry is greater than woman's. Many pupil teachers and other students frequent his library and come in quest of books to help them in the study of literature.

He finds that when set to study a poet the male student generally borrows that poet's works to read for himself, but the female says: "Oh, I don't want to wade through all that; give me a book that will summarize his ideas and tell me what I ought to think about him." And the usual way is to give the girl a book that tells her what a man thinks she ought to think about poetry.—London Chronicle.

Old Names for Maladies.

Has Scotland still its own word for measles? Dean Ramsay relates that in 1775 Mrs. Betty Muirhead, who kept a boarding school for young ladies in the Trongate of Glasgow, asked a new pupil whether she had had smallpox. "Yes, mem," replied the girl, "I've had the sma-pox, the nirls, the blabs, the scaw, the kinkhost and the fever, the branks and the worm." "Sma-pox" and even the vague "fever" might not worry an English reader, but it needs a glossary to interpret the others in order as measles, nettlerash, itch, whooping cough, mumps and toothache.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Prescription.

An eminent skin specialist recently discovered a new prescription, othine—double strength—which is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by your druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

INCREASE SOIL PRODUCTION.

Time Has Come to Stop Using Up Virgin Fertility—Commercial Fertilizers Not the Solution.

The cowpea crop is not sufficiently appreciated in most parts of Missouri. As land becomes higher in price, and as it becomes more and more necessary to maintain the fertility to secure a net return, cowpeas or similar crops must come into more general use. They build up the soil, as does clover, but they have the advantage of a much shorter growing season and of lending themselves for use as a catch crop to be plowed under or pastured down for soil building purposes.

It is true that cowpea seed is somewhat expensive and that cowpeas are hard to cure, but the return that can be secured from them when a man understands how to handle them is as great or greater than that from clover. At present, practically all the cowpea seed profitably. This would cheapen the cost of seed for the individual farmer. Small pea threshers are now on the market which will enable farmers growing small amounts of peas to save their own seed, and even put some on the market.

The farmer on average to thin land in Missouri who expects to make good net returns from now one will usually find the cowpea one of his most profitable crops when he learns to handle it.

Miss Jennie Rogers of Barnard returned home Friday morning from a short visit with her uncle, J. T. Karr, and Mrs. Karr.

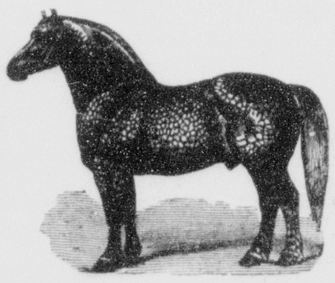
Dry Goods

Come in this week and see our bargains we are showing in the Dry Goods line. Ginghams, Shirting, Calicoes, Muslins, Tickings, Percales, Etc.

HOTCHKIN'S Variety Store

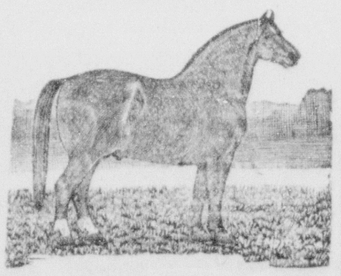
Wanted---Horses



Will be in Maryville, at the Star barn, Saturday, April 19, to buy horses and mares from 4 to 20 years old. Not necessarily sound or good workers, just so they look like a day's work. If you have a good chunk or heavy draft horse don't fail to show him to me.

Chas. H. Roach

WANTED



From 4 to 20 years old, weighing from 1100 to a ton. I buy every day in the year, and pay the high dollar. Show me your horses first, then sell to the high bidder. Remember the first look to me will make you money. Maryville every Saturday.

Jim Andy Ford

WANTS

FOR QUICK SALE.

Party desiring to leave the city at once wants to sell at low price a 6-room house with four lots, with all kinds of fruit. Acettylene plant, brick cave, barn, chicken house, three blocks of Normal school building. Price $3,000.

A 5-room house with two lots, on paved street, four blocks of square, $1,400. Be quick for a bargain.

TRADES.

We have three resident properties in St. Joseph, Mo., to exchange for city property. These properties are well rented. The owners live in Maryville and want property here.

DON'T FORGET

The orchard belt of Texas, where you can get land on the crop payment plan. The soil and climate about the same as Nodaway county, only the winters are shorter and not so severe. You can buy land that will double in value in a short time. These are railroad lands and the opportunity is limited, but the chances for gain are large. Excursions every first and third Tuesday in each month. Come and go with us. We are Missourians and can show you.

WHAT HAVE YOU TO SWAP?

List it with us, tell us what you want and we will find it for you. No charges for trouble unless exchanges are made.

If you want something and don't know where to find it we will find it for you.
